Territorial Governance and Spatial Transformation in Post-apartheid South Africa

Daniel du Plessis 2025-07-05
The book provides a reflective account of the evolution of the territorial governance

structures and processes in South Africa over a period of 30 years after the transition to a post-apartheid society in 1994. It also considers the role and influence of these changing governance institutions and processes and their associated outputs (in the form of policies and plans) on several priority dimensions of urban spatial transformation. The synthesis of the experiences and lessons learnt provides the bases for contemplating important future focus areas for territorial governance such as spatial transformation towards smart cities, an African perspective for future South African cities, and transitioning towards a streamlined integrated territorial governance system. The lessons and experiences are not only of local significance in South Africa, but also globally in countries and regions faced with territorial governance and spatial transformation challenges.

51 Tips to Crack NET Life Science Exam (CSIR-UGC

JRF): Books, Online Resources, Strategies and Last Minute Tips!

Bishnu Goswami 2022-01-24 UPDATE- After receiving a lot of positive feedback, we are released an updated edition with more information and minor corrections. All the best! A book on cracking the CSIR-UGC National Eligibility Test for Research Assistantship and Lectureship in India. This book covers 51 tips on preparation, book-choices, online materials and last minute tips for the examination. Most tips have sub-tips for greater clarification, including 'Unlucky 13 bad habits an aspirant should never have', '12- A dozen pro-tips' and memorization techniques. For each of the sections in the syllabus, there is a short guide for the aspirants not familiar with the preparation strategies. Besides some tips on time-management, there is also the inclusion of aptitude answering techniques, and avoidance of traps which often results in depressing negative marks. Rare but golden online

resources from the top universities of the world are also pointed to the aspirant, which were used by the writer himself to clarify the concepts in his early years of study. The author has qualified the exam at the first year of his Graduate studies with both Lectureship and JRF, and is also a software developer in numerous computing platforms. He has published in reputed journals and have won the first prize in World Science Congress twice. He also maintains a blog. Aspirants are advised to also check out the two books specifically for the Part-A Aptitude, which offers a special advantage as most aspirants shy away from attempting many questions from that section.

CSIR NET Life Sciences Question Bank Mocktime Publication This targeted question bank for the CSIR

NET in Life Sciences is designed to cover the entire syllabus for both general aptitude (Part A) and subject-specific MCQs (Parts B & C). It includes downloadable PDFs of previous year papers, topic-wise question sets, annotated answer keys, and full-length mock tests. Candidate interviews emphasise that solving past papers deeply helps reveal the important themes and recurring question styles in Life Sciences. Suitable books linked to this bank also include comprehensive notes on cell biology, molecular biology, genetics, physiology, ecology and evolution, aligned to the NET syllabus. The exam pattern remains the same as overall CSIR NET structure: 150 total questions, individual sections with defined numbers to attempt. The question bank helps build time-management, accuracy in MCQs and analytical application in Part C (4 marks each). Over time, students can track performance via sectional tests and previous paper trends. Given the highly competitive

nature of NET, using this question bank consistently can help aspirants strengthen weak areas, simulate exam conditions, and gain confidence ahead of the actual exam.
