NeuroAuthority Brian Ainsley Horn 2017-01-11

What is “NeuroAuthority” anyway? At a high level, it’s the combination of neuroscience and authority marketing. Neuromarketing is a new field of marketing research that studies consumers’ sensorimotor, cognitive, and affective response to marketing stimuli. The technology is based on a model whereby the major thinking part of human activity (over 90%), including emotion, takes place in the subconscious area that is below the levels of controlled awareness. Authority marketing helps entrepreneurs leverage their knowledge to gain authority status in their industry. This authority status then allows them to dramatically amplify their message and convert their new audience

into higher paying customers. In other words, it’s the process for positioning yourself as an authority, or even a celebrity, in your marketplace. NeuroAuthority is the science of creating authority positioning in the subconscious area that is below the levels of controlled awareness. It’s using the proven tools of neuroscience to determine why we deem one person as an “expert” over another and then applying the research so you can use it to get more clients. Traditional methods used by marketers won’t trigger decisions at a subconscious level. They just use whatever the “shiny button” is at the moment, and hope that it will work. Instead, they should use a scientific approach to capture insights that predict why prospects will choose to follow, respect, and eventually buy from one person over another. In

his latest book, Best Selling Author and Entrepreneur, Brian Ainsley Horn reveals the concept of NeuroAuthority and uses case studies to back up his findings. He also provides actionable applications of it for entrepreneurs, small business owners, and professionals.

Incompatibility Myth "Love Is Something You Do will change the face of marriage in America. This book should be in every library and tucked away in the heart of every marriage." - Dr. Tim Clinton, President, American Association of Christian Counselors "Martin Luther said "A man can become more like Christ in a marriage than in a monastery." How true. Marriage chisels us in the image of Jesus with every decision of faithfulness and commitment. This book will help to shape you and your spouse. Let Dr. Bisagno speak from the heart of a faithful husband and effective pastor to guide your marriage to be all that God desires." - Pastor Gregg Matte, Pastor, Houston's First Baptist Church "Once again John Bisagno has captured the heart and imagination of his readers. In this clear concise writing, John makes a case for love as a verb. Love is Something You Do stimulates the heart, motivates the mind, and saturates the soul with helpful, holy hints." - Ralph Douglas West, Pastor, The Church Without Walls "I had the joy

of being under John Bisagno's leadership for 25 years as he served as pastor of our church in Houston. I love and respect him and Uldine, the love of his life, so much. " - Beth Moore, Author, Living Proof Ministries

Financial Peace Dave Ramsey 1997 Ramsey--a businessman and entrepreneur who earned four million dollars, only to lose it all and everything else he owned by getting too far into debt--shares the valuable lessons he has learned--financially, emotionally, and spiritually--in this new edition of this entertaining guide for anyone who wants to achieve freedom from financial

stress. Worksheets.

You Don't Need a Budget Dana Miranda 2024-12-24 Free yourself from the tyranny of toxic budget culture, and build an ethical, stress-free financial life. Track every dollar you spend. Check your account balances once a week. Always pay off your credit card bill in full. Make a budget—and stick to it. These are just a few of the edicts you'll find in virtually every personal finance book. But this kind of rigid, one-size-fits-all advice—usually written for and by wealthy white men (and a few women) with little perspective on the money struggles that many people face—is unrealistic, and only creates stress and shame. As a financial journalist and educator, Dana Miranda is on a mission to liberate readers from budget culture: the damaging set of beliefs around money that rely on restriction, shame, and greed—much like diet culture does for food and bodies. In this long-overdue alternative to traditional budgeting advice, Miranda offers a new approach that

makes money easy for everyone, regardless of the numbers in their bank account. Full of counterintuitive advice—like how to use debt to support your life goals, how to plan for retirement without a 401K, and how to take advantage of resources that exist to support those left behind by the forces of capitalism—*You Don't Need a Budget* will empower readers to get money off their mind and live the lives they want.
