In the Heart of Darkness Grant Ridgeway 2024-12-06 Building upon the foundations of Voidism as presented in "the Treatise," this companion volume delves deeper into occult territory, exploring advanced esoteric practices and philosophies. While not required for practicing Voidism, Ridgeway's work offers a thorough examination of Left Hand Path traditions within the context of Voidist teachings. Ridgeway provides: - Detailed methods and additional perspectives for those drawn to more intense spiritual explorations - Deepened insights into concepts such as Darkness-Void, Tiamat, and Leviathan - Personal theories, experiences, and techniques for working with primal and macabre entities from the Cthulhu Mythos This guidebook serves as

both an exploration and a challenge, inviting readers to voyage further into the darkness than "the Treatise" alone. While familiarity with Voidism is helpful, it is not strictly necessary-though recommended-for engaging with this work.

Primal Power Mike Mearls 2009 This must-have book is the latest in a line of player-friendly game supplements offering hundreds of new options for D&D characters, specifically focusing on heroes who draw power from the spirits that preserve and sustain the world.
