The Street-smart Entrepreneur Jay Goltz

1998 If you're in business now... or have ever even thought about being in business, read this book! Starting with two thousand dollars and a gritty determination to succeed, Jay Goltz built his business the hard way...from the ground up. Early on, he realized that no amount of education could prepare him for the day-to-day rigors of building a business. So, he learned through experience. Today, thirty-five years later, Goltz operates the world's largest custom picture-framing facility... it is thirty times the size of the average framing shop. No waxing philosophical here. In *The Street-Smart Entrepreneur*, Goltz tells it like it is, offering real-life lessons that can help you succeed in the "in-your-face" world of business. Among the important topics Goltz covers: Savvy Marketing Analysis: Starting up without throwing up Understanding Cash Flow: How you can be swamped with business and still go broke Grounding Your Business: Controlled growth or growth out of control? Hiring Smart: You're only as good as your worst employee Knowing the Numbers: Good accounting won't make your business, but poor accounting can ruin it. Leveraging Assets: All your assets? No just the financial ones. Serving Customers: Is the customer always right? *North Carolina Reports* North Carolina. Supreme Court 2004
