Book Review Index Cumulation Dana Ferguson 2005-09 Book Review Index provides quick access to reviews of books, periodicals, books on tape and electronic media representing a wide range of popular, academic and professional interests. The up-to-date coverage, wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool. More than 600 publications are indexed, including journals and national general interest publications and newspapers. Book Review Index is available in a three-issue subscription covering the current year or as an annual cumulation covering the past year.

The Definitive Guide to SQLite Michael Owens 2006 "The Definitive Guide To Sqlite" deals with computers/software.

A Guide to SQL Philip J. Pratt 2008-10-02 A GUIDE TO SQL, 8E, continues to be the essential SQL reference. It builds on the success of previous editions by presenting basic SQL commands in the context of a running case in which a business uses SQL to manage orders, parts, customers, and sales reps. The book

covers the fundamentals of SQL programming using straightforward instruction and extensive hands-on exercises. Continuing with its focus on students learning the basics regardless of the database environment chosen, this edition features examples from the latest databases: Oracle 11g, Access 2007, and MySQL. The eighth edition expands on the use of running case studies by adding a third running case to the extensive hands-on pedagogy at the end of every chapter. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
