Study Guide for Understanding Nursing Research - E-Book Susan K. Grove 2014-11-05
Get a better understanding of the research process and learn how to appraise and apply your findings to the clinical setting with the *Study Guide for Understanding Nursing Research, 6th Edition*. This new edition incorporates an expanded focus on evidence-based practice, Web-Based Activities and three published research studies referenced throughout the book. This study guide walks you through each chapter in the textbook to reinforce your understanding of important concepts. Hands-on practice with three published studies includes three full-text published studies that are referenced throughout the *Study Guide*. Time-tested and innovative exercises include brief Introductions, Key Terms exercises, Key Ideas exercises, Making Connections exercises, Exercises in Critical Appraisal, and Going Beyond exercises to promote in-depth learning for a variety of learning styles. Learning activities for each textbook chapter reinforce key concepts and guide you in application to evidence-based

clinical practice. Answer key allows you to check your understanding and learn from mistakes (formative assessment). NEW! Increased emphasis on evidence-based practice corresponding to the EBP emphasis in the text to help students who are new to nursing research understand the research process and apply it to evidence-based nursing practice. NEW! Increased high-value learning activities have been incorporated throughout the study guide. NEW! Web-Based Activities are now included in each chapter to reinforce using the Internet appropriately for scholarly research and evidence-based practice. NEW! Updated full-text articles ensure that the examples provided reflect the most current, high-quality studies that are meaningful today. NEW! Quick-reference printed tabs have been added to differentiate the answer key and each of the book's three published studies appendices (four tabs total) for improved navigation and usability. **Publishers' Weekly** 1901
