Handbook of Decentralised Governance and Development in India D. Rajasekhar

2021-08-23 This handbook examines 25 years of decentralised governance and development in India. It provides a historical overview of developments since the introduction of decentralisation reforms (73rd and 74th Constitutional Amendment Acts) and critically assesses the measures initiated to strengthen decentralised institutions and deepen grassroots democracy. It also discusses the status of service delivery and identifies the issues and challenges involved in achieving development at the local level. The volume studies themes such as the devolution of powers in India, administrative and fiscal decentralisation, decentralised planning, Panchayats in scheduled areas, the sociological

aspects of decentralisation, caste, gender and local democracy, capacity building, ICT for local governance, urban local governance, workfare and decentralisation, and decentralised natural resource management. It also looks at Panchayati Raj institutions from a Gandhian perspective. The first of its kind, this handbook will be an essential read for scholars and researchers of decentralisation and development, development studies, fiscal decentralisation, political studies, political sociology, Indian politics, Indian government, public policy and governance, political economy, South Asian studies, and South Asian politics.

The Routledge Handbook of Refugees in India S. Irudaya Rajan 2022-03-10 This handbook marks a key intervention in refugee studies in India—home to diverse groups of refugees, including an entire government in exile. It unravels the various socio-economic, political, and cultural dimensions of refugee issues in India. The volume examines the various legal, political, and policy frameworks for accommodating refugees or asylum seekers in India, including the Citizenship Amendment Act and the National Registry of Citizens. It evaluates the lack of uniformity in the Indian legal and political framework to deal with its refugee population and analyzes the grounds of inclusion or exclusion for different groups. Drawing from the experiences of Jewish, Tibetan, Pakistani, Bangladeshi, Sri Lankan, Afghan, and Rohingya refugees in India, it
