The Last Prussian Charles Messenger 2012-01-23 The renowned WWII historian's in-depth biography of the Nazi military commander who played a key role in the invasions of Poland, France and Russia. Field Marshal Gerd von Rundstedt was one of the most important German commanders of the Second World War. He served on both the Western and Eastern Fronts of World War I and rose steadily through the ranks of the German army before retiring in 1938. Then, only a year later, he was recalled to help execute Hitler's invasion of Poland. He played a leading part in this and the subsequent invasion of France. Thereafter he commanded Army Group South in the assault on Russia before being sacked at the end of 1941. Recalled again, Rundstedt was made Commander-in-Chief West and as such faced the 1944 Allied invasion of France, but was removed that July. He resumed his post in September 1944 and had overall responsibility for the December 1944 Ardennes counter-offensive. Captured by the Americans, he gave testimony as a defense witness at Nuremberg. Though he was charged with war crimes, he was spared trial due to his ill health.

Guts and Glory Lawrence H. Suid 2015-01-13 Guts and Glory: The Making of the American Military Image in Film is the definitive study of the symbiotic relationship between the film industry and the United States armed services. Since the first edition was published nearly two decades ago, the nation has experienced several wars, both on the battlefield and in movie theatres and living rooms at home. Now, author Lawrence Suid has extensively revised and expanded his classic history of the mutual exploitation of the film industry and the military, exploring how Hollywood has reflected and effected changes in America's image of its armed services. He offers in-depth looks at such classic films as Wings, Thirty Seconds Over Tokyo, The Longest Day, Patton, Top Gun, An Officer and a Gentleman, and Saving Private Ryan, as well as the controversial war movies The Green Berets, M*A*S*H, the Deer Hunter, Apocalypse Now, Platoon, Full Metal Jacket, and Born on the Fourth of July.

The Burden of the Past Anna Wylegala 2019-01-29 Essays on how chaos, totalitarianism, and trauma have shaped Ukraine's culture: "A milestone of the scholarship about Eastern European politics of memory." —Wulf Kansteiner, Aarhus University In a century marked by totalitarian regimes, genocide, mass migrations, and shifting borders, the concept of memory in Eastern Europe is often synonymous with notions of trauma. In Ukraine, memory mechanisms were disrupted by political systems seeking to repress and control the past in order to form new national identities supportive of their own agendas. With the collapse of the Soviet Union, memory in Ukraine was released, creating alternate visions of the past, new national heroes, and new victims. This release of memories led to new conflicts and "memory wars." How does the past exist in contemporary Ukraine? The works collected in The Burden of the Past focus on commemorative practices, the politics of history, and the way memory influences Ukrainian politics, identity, and culture. The works explore contemporary memory culture in Ukraine and the ways in which it is being researched and understood. Drawing on work from historians, sociologists, anthropologists, psychologists, and political scientists, the collection represents a truly interdisciplinary approach.

Taken together, the groundbreaking scholarship collected in The Burden of the Past provides insight into how memories can be warped and abused, and how this abuse can have lasting effects on a country seeking to create a hopeful future.

Traditions and Customs of the Indian Armed Forces Chand N. Das 2025-10-27 The cohesion and the spirit-de-corps in the Indian Armed Forces (Army, Navy and the Air Force) is fostered by various customs and traditions, which are reflected in the daily lives of their officers and men. They are not always legally binding but they are nonetheless followed willingly without coercion. There are traditions handed down from the past - Valour, Honour and Never to Surrender - that are intrinsic and resonate the lives of servicemen and image of their regiments and formations. On the other hand there are customs and traditions that regulate the lives of soldiers, sailors and airmen on a daily basis; military courtesies, dress and mess customs, regimental traditions, ceremonial drills and parades and the like. The various facets of customs and traditions of the armed forces were originally compiled by late Maj Gen Chand N. Das. The present volume has been inspired by the original and contains edited updated and enlarged facets that have been arranged in seven parts containing 33 chapters. Each chapter deals with different aspects of customs and traditions, viz., flags, colours and emblem, military uniform and dress customs, commemorative days, state and military funerals, battle honours, war memorials, medals and ribbons and so on.
