Chemistry Elizabeth Kean 1994 A different kind of book about chemistry which teaches readers the process of learning chemistry, not the topic itself. Proving a valuable supplement to any introductory text, this guide offers inside information to help make chemistry less stressful--even enjoyable. Includes exercises and sections for self-assessment.

Introductory Chemistry Wendy Gloffke 2002 This lab manual helps students develop data acquisition, organization, and analysis skills while teaching basic techniques. Students construct their own data tables, answer conceptual questions, and make predictions before performing experiments. They also have the opportunity to visualize and describe molecular level activity and explain the results.
