

Cps Firefighter Study Guide

Canadian Firefighter Exams Trevor Edmonds 2013-09-01 There are a number of tests commonly used by fire departments throughout Canada to identify new firefighter candidates. This comprehensive test preparation manual will help potential recruits prepare for the most common exams, including: CPS Test IPMA-HR FPSI Stefan Fraser Test The OS Test, and several others Potential test-takers will find an overview of common oral comprehension, reading comprehension and math questions as well as situational judgment and personality profile sections. Test preparation tips cover general studying as well as guidance on appearance and personal presentation. This book also reviews what candidates need to know for physical firefighting and combat skills tests such as the CPAT and York University Firefighter Fitness Assessment. Includes five practice exams.

Practitioner's Guide to Legal Issues in Organizations Chester Hanvey 2015-05-26 This highly useful reference outlines best practices in key areas of human resources that are not only fair and equitable, but that can withstand legal scrutiny. Industrial/organizational experts apply their empirical knowledge and practical experience to aspects of HR that are commonly litigated, including broad and specific topics in testing of potential employees, disability issues, compensation and pay equity, and work hours. The book is written to be accessible to readers currently in HR-related graduate-level training as well as HR practitioners with or without background in industrial/organizational psychology. And to add to its utility, chapters feature practical strategies for addressing each of the legal issues presented. Among the topics covered: Measuring adverse impact in employee selection decisions. Using background checks in the employee selection process. Disabilities: best practices for vulnerabilities associated with the ADA. Physical abilities testing. Wage and hour litigation. Clinical psychological testing for employee selection. Conducting compensation equity analyses. Practitioner's Guide to Legal Issues in Organizations brings clear, up-to-date information to graduate students studying human resources, management, industrial/organizational psychology who are interested in legal issues, as well as applied HR practitioners such as industrial/organizational psychologists, human resources generalists, management and labor economists.

Firefighter Exam and Interview Prep William Peltz 2016-01-01 Firefighter Exam and Interview Prep helps candidates prepare for every area of the career fire service entry-level examination, regardless whether the exam is written, video, or computer-based and regardless of test publisher. It helps individuals who have only begun contemplating whether to become a firefighter as well as people who have some experience in the application process. It is the only prep book that explains psychology evaluation questions and science concepts, and it is the only one that contains an extensive math remediation section. Written in a clear, easy to understand style, Amatrudo and Peltz offer proven, score-raising, test-taking strategies. Sample questions and practice tests are accompanied by explanations as to how the correct answers were obtained. This book also helps the applicant begin to prepare for the interview. Written by a highly respected officer and instructor in the career fire service and an award-winning master educator with specialties in the application of brain science and high stakes test taking, this book strives to create the best prepared, best informed applicant possible.
