[National Guide to Funding for Information Technology](#) Gina-Marie Cantarella 1999 This volume represents a valuable source of information for organizations eager to enhance their services with the latest technologies. The National Guide provides essential facts on over 400 grantmakers, each with a history of awarding grant dollars to projects involving information technology. Imagine the time you will save by having, in a single convenient source, a list of grantmakers already interested in this field The National Guide covers all the facts you need to bolster your target list of funding prospects. Each entry provides crucial data -- address, financial data, giving priorities, application procedures, contact names, and key officials. The volume also includes close to 1,500 descriptions of recently awarded grants -- a sure indication of foundation giving interests. A range of indexes will help you target funders by specific program areas favored and geographic areas preferred by grantmakers. Each year the grantmakers featured in this volume award millions of dollars for projects involving computer science, engineering and technology, telecommunications, and media and communications to a range of educational institutions and other nonprofit organizations. Don't let your organization miss its share of foundation grant dollars -- order your copy today.
