Resident Evil Village Guide & Walkthrough and More! Saturnx14

2021-05-15 Our guide to Resident Evil Village contains all the information thanks to which you will complete the game, find all secrets, and unlock the platinum trophy. The detailed walkthrough is the most important part of this guide. It focuses on the main objectives, describes where to go, and includes tips on how to deal with the enemies. We have also prepared separate pages for solutions to more extensive puzzles and strategies for the boss fights. These parts of the game can cause problems for some players. The second larger chapter is the game guide. There, you will learn about the most important gameplay mechanics or how to manage Ethan's inventory. The following pages of the guide describe, e.g. the combat and stealth mechanics, exploration and loot, crafting as well as finding and upgrading weapons. The basic chapter of the guide is complemented by a FAQ section, where you will find answers to frequently asked questions. This guide explains, e.g. how to avoid Lady Dimitrescu, whether Resident Evil 8 has an open world, how to open locked containers, or how to increase the hero's inventory. The last basic chapter of the guide focuses on secrets and collectibles. With our tips, you will be able to find, e.g. all documents, and collect unique artifacts. In addition to the main chapters, the guide also has smaller ones. These include a trophy guide, pages dedicated to the controls and system requirements, as well as information on how long it takes to beat Resident Evil Village.
