Mau-Mau Warrior Abiodun Alao 2013-02-20

The Mau-Mau uprising (1952-60) remains a controversial conflict, waged by warriors about whom many myths have been formed, but little truth has been written. Condemned by history as a brutal rag-tag force engaged in oath-taking, cannibalism and witchcraft, the military activities of the Mau-Mau have long been overlooked. Although their skill, organization and unique motivation forced the British government to undertake the longest airlift in military history, and to deploy extensive force at a cost of almost £60 million, before it could claim victory. This book reveals the real men and women behind the Mau-Mau; the truth behind the oaths that bound them together; and how they became a powerful force, paving the way for Kenya's independence.

[A Daunting Journey](#) Kiereini, Jeremiah Gitau 2015-09-04 He is described as a Mau Mau oath-taker, seemingly of two minds ñ both for and against, loyal and disloyal. In [A Daunting Journey](#), Jeremiah Gitau Kiereini, lets us into his life spanning three generations. He reveals insights into the influences and intrigues surrounding the early civil service and the powerful individuals who held Kenya's future in their hands. Kiereini also exposes the dichotomy that irreconcilably split the communities involved in the struggle for independence and the personal contradictions and challenges he encountered as he sought to find pride and loyalty in service to a newly independent Kenya. This is truly a fascinating chronicle that takes us from the humble and difficult years of childhood, through the Mau Mau years, the Kenyatta administration, the Moi regime, and on to the present in the life of Jeremiah Kiereini. Most captivating is the narrative on the infamous 1969 oath-taking commonly referred to as, 'Caai wa Gatunduí and the 1982 coup.

Hip Hop and Social Change in Africa Msia Kibona Clark 2014-10-30 This book examines social change in Africa through the lens of hip hop music and culture. Artists engage their African communities in a variety of ways that confront established social structures, using coded language and symbols to inform, question, and challenge. Through lyrical expression, dance, and graffiti, hip hop is used to challenge social inequality and to push for social change. The study looks across Africa and explores how hip hop is being used in different places, spaces, and moments to foster change. In this edited work, authors from a wide range of fields, including history, sociology, African and African American studies, and political science explore the transformative impact that hip hop has had on African youth, who have in turn emerged to push for social change on the continent. The powerful moment in which those that want change decide to consciously and collectively take a stand is rooted in an awareness that has much to do with time. Therefore, the book

centers on African hip hop around the context of "it's time" for change, Ni Wakati.

Ngũgĩ Simon Gikandi 2018 This collection of essays reflects on the life and work of Ngugi wa Thiong'o, who celebrated his 80th birthday in 2018. Drawing from a wide range of contributors, including writers, critics, publishers and activists, the volume traces the emergence of Ngugi as a novelist in the early 1960s, his contribution to the African culture of letters at its moment of inception, and his global artistic life in the twenty-first century. Here we have both personal and critical reflections on the different phases of the writer's life: there are poems from friends and admirers, commentaries from his co-workers in public theatre in Kenya in the 1970s and 1980s, and from his political associates in the fight for democracy, and contributions on his role as an intellectual of decolonization, as well as his experiences in the global art world. Included also are essays on Ngugi's role outside the academy, in the world of education, community theatre, and activism. In addition to tributes from other authors who were influenced by Ngugi, the collection contains hitherto unknown materials that are appearing in English for the first time. Both a celebration of the writer, and a rethinking of his legacy, this book brings together three generations of Ngugi readers. We have memories and recollections from the people he worked with closely in the 1960s, the students that he taught at the University of Nairobi in the 1970s, his political associates during his exile in the 1980s, and the people who worked with him as he embarked on a new life and career in the United States in the 1990s. First-hand accounts reveal how Ngugi's life and work have intersected, and the multiple forces that have converged to make him one of the greatest writers to come out of Africa in the twentieth century. Simon Gikandi is Robert Schirmer Professor of English, Princeton University. He was editor of the PMLA, the journal of the MLA (the Modern Languages Association) from 2011-2016. He served as the 2nd and 1st president of the MLA in 2017 and 2018 and is the president elect of the association for 2019. Ndirangu Wachanga is Professor of Media Studies and Information Science at the University of Wisconsin. He is also the

authorized documentary biographer of Professors Ali A. Mazrui, Ngugi wa Thiong'o and Micere Mugo.
