Hands-on History: Ancient Civilizations

Activities Sundem, Garth 2017-03-01 Making learning fun and interactive builds excitement for your social studies students. This book includes game-formatted activities for the study of Ancient Civilizations such as ancient Mesopotamia, Egypt, India, China, Greece, and Rome. These hands-on activities are aligned to state and national standards and supports college and career readiness skills. The hands-on lessons foster engagement, teamwork, creativity, and critical thinking. In addition to history-based lessons, this resource includes grading rubrics and ideas for assessment. The games in Hands-on History Activities will help you take an active approach to teaching while inspiring your students to make their own explorations of history.

Talented Children and Adults Jane Piirto 1999
This extremely comprehensive book takes a developmental approach to giftedness and to talent development in all domains. Designed to cover both the characteristics of gifted students and to present important information on how to teach them, it is appropriate for introductory courses for gifted education and for methods courses. It contains the latest results of federal research projects, suggestions for inclusion, and definitions of who is gifted and talented. In addition, it is the only book in the field with an entire chapter devoted to talented adults. The author's readable prose and case examples written by real teachers contribute to the book's overall usefulness, prompting some readers to call it their "handbook".
