Foreign Language Assessment in Grades K-8 1997 The annotated bibliography describes foreign language assessment instruments currently used in elementary and middle schools. The instruments are drawn from a wide variety of program models: Foreign Language in the Elementary School (FLES), middle school sequential instruction, and immersion (total, two-way, partial). The bibliography has six sections: assessment instruments; program evaluation instruments; classroom assessment activities; sample assessment instruments; selected related resources; and selected commercially available language tests. An index of instruments according to purpose, language, and grade level is included. Descriptions of assessment instruments and activities and sample assessments were collected from teachers, schools, school districts, state education offices, and educational research organizations. In each section, materials are listed in alphabetical order according to

language. The major emphasis is on French, German, Italian, Japanese, and Spanish. Also included are Arabic, Catalan, Chinese, Chuukese (Lagoon), Gallego, Haitian-Creole, Indonesian, Korean, Latin, Modern Greek, Navajo, Palauan, Pohnpeian, Portuguese, Russian, Tagalog, and Welsh. Each entry includes information on availability, current users, language program type, intended grade level, intended test use, skills tested, test author, publications date, test cost, length, test materials, format, scoring method, a description, test development and technical information, parallel versions in other languages, and a contact person. An introductory section gives an overview of the bibliography's contents and notes on selecting an assessment instrument. (MSE)
