what to do. Concise steps and explanations let you get up and running in no time. Page for page, the best content and value around.

**Photoshop CS3 for Windows and Macintosh** Elaine Weinmann 2007-06-22 This Visual QuickStart Guide uses a combination of task-based instruction and strong visuals to teach beginning and intermediate users how to create great-looking images with Photoshop. Best-selling authors Elaine Weinmann and Peter Lourekas take readers step by step through all of today's Photoshop essentials: from importing digital photos through basic color manipulation and image correction to painting, masking, using filters, and more. Hot topics like working with Camera Raw, using the improved Photomerge command (that aligns and blends layers automatically) to stitch together images, making selections using the new Quick Selection tool and Refine Edge feature, and Smart Filters are all covered. Both beginning users, who want a thorough introduction to the topic, and more advanced users, who are looking for a handy reference, will find what they need here. In this edition, using a fresh new design and now illustrated in full color, the authors have streamlined the text by focusing on the most efficient means of accomplishing a task, rather than explaining all possible methods. By the end of the book, users will have a solid foundation for working in Photoshop CS3. Additional intermediate topics can be found in the author's follow-on book: *Photoshop CS3: Visual QuickPro Guide*.

**Teach Yourself VISUALLY iPhoto '09** Lonzell Watson 2009-07-01 A step-by-step visual guide to using all aspects of the iPhoto application iPhoto does a lot more than just allow you to crop your photos and fix red-eye! Packed with full-color illustrations and designed for those who learn best when they see how things are done, *Teach Yourself VISUALLY iPhoto* helps you take advantage of all the things iPhoto can do. Easy, step-by-step instructions in the highly successful Visual format show you how to enhance your photos, create photo books and greeting cards, organize your photo library, and even create Web galleries. You'll learn to retrieve photos from your iPhone, camera, or card reader; retouch scans of old photos; add special effects; print your pictures; and more with iPhoto. Written by an expert videographer and digital video

specialist whose experience includes national commercials, news and TV shows, and sports videography Designed for visual learners, with full-color illustrations showing how to accomplish each task Shows you how to navigate the iPhoto interface, set preferences, and import photos from cell phones, digital cameras, card readers, or scanners Demonstrates how to retouch photos, fix amateur mistakes, enhance photos with effects, and create slideshows, photo books, calendars, and greeting cards Covers creating online galleries, e-mailing photos, burning DVDs, and making prints If you prefer instructions that show you how rather than tell you why, Teach Yourself VISUALLY iPhoto is the easiest way to make the most of iPhoto.
