*The Ultimate Guide to Diving in Indonesia* Sarah Ann Wormald 2026-03-03 Indonesia, the world's largest archipelago, is a true diver's paradise! The tropical seas around Indonesia's 17,000 islands span several ecological zones and host the greatest variety of marine life and biodiversity found anywhere on this planet. These warm, crystal-clear waters are home to stunning coral reefs, deep trenches and shipwrecks—not to mention majestic creatures ranging from seahorses to fish, whales, dolphins, sharks and manta rays. *The Ultimate Guide to Diving in Indonesia* is the first and only comprehensive guidebook dedicated entirely to Indonesia's unique and exciting dive sites and facilities. Seasoned dive instructor and long-time Bali resident Sarah

Ann Wormald presents descriptions and photos for each major dive site, including recommendations for the best operators and services to use. Maps of each area, marine life and conservation stories, and detailed travel tips from a local expert help to guide you in planning your visit. This updated and expanded third edition features many new photos, dive operators and dive sites that have surfaced over the past few years. Unique highlights include the burgeoning night-time blackwater diving scene, wall diving around Selayar Island and whale and dolphin watching off the coast of Alor. Wormald covers each major region in Indonesia in detail, among them: Bali — "The Island of the Gods," famous for its marine life and the USS Liberty shipwreck off Tulamben North Sulawesi — Where active volcanoes tower over lush plateaus and gorgeous coral reefs Nusa Tenggara — The vast region from Lombok to Timor featuring everything from

submerged seamounts, walls and drop-offs to freshwater caves, slopes and sandy muck diving bays Maluku — An often overlooked but unique sites that host the perfect combination of reefs and critters Raja Ampat and West Papua — Quickly becoming the "mecca" for Indonesian diving, with beautiful landscapes, white sand beaches and shallow water corals which make it the postcard trip of a lifetime Whether you are a first-timer or an experienced diver, this book has everything you need to plan and fully enjoy the magic of Indonesia's tropical diving paradise.

**Shipwrecks Along Lake Superior's North Shore**

Stephen B. Daniel 2008

Beneath the icy waters of Lake

Superior lies a vast museum of maritime treasures, relics, and souls that in years past were lost to the crashing waves of this massive body of water. Those, those who remain on the surface can glimpse some of the sunken bounty, but most of it is accessible only to those who slip into scuba gear and brave the darkness of the deep. In *Shipwrecks Along Lake Superior's North Shore*, veteran diver Stephen B. Daniel, in collaboration with the Great Lakes Shipwreck Preservation Society, provides in-depth tours of the many sunken ships submerged in the waters of this region of Lake Superior. Readers will not only learn the maritime history and structural details of the original vessels, they'll also find the fascinating stories of the wrecks themselves-how they happened, what actions were taken to save both crew and vessel, and the modern-day efforts to preserve these sites. With detailed descriptions and hundreds of photographs, charts, and diagrams that will impress even the most

seasoned diver, this book will also appeal to anyone who has ever wondered what nautical mysteries lie beneath the waves of the greatest of the Great Lakes. Stephen B. Daniel is an active certified diver, shipwreck historian, and current president of the Great Lakes Shipwreck Preservation Society. He is a communications professional at 3M and lives in Woodbury, Minnesota.
