The Columbia Literary History of the United States Emory Elliott 1988-02-15 For the first time in four decades, there exists an authoritative and up-to-date survey of the literature of the United States, from prehistoric

cave narratives to the radical movements of the sixties and the experimentation of the eighties. This comprehensive volume—one of the century's most important books in American studies—extensively treats Hawthorne, Melville, Dickinson, Hemingway, and other long-cherished writers, while also giving considerable attention to recently discovered writers such as Kate Chopin and to literary movements and forms of writing not studied amply in the past. Informed by the most current critical and theoretical ideas, it sets forth a generation's interpretation of the rise of American civilization and culture. The Columbia Literary History of the United States contains essays by today's foremost scholars and critics, overseen by a board of distinguished editors headed by Emory Elliott of Princeton University. These

contributors reexamine in contemporary terms traditional subjects such as the importance of Puritanism, Romanticism, and frontier humor in American life and writing, but they also fully explore themes and materials that have only begun to receive deserved attention in the last two decades. Among these are the role of women as writers, readers, and literary subjects and the impact of writers from minority groups, both inside and outside the literary establishment.

The Strong, Silent Type Buck Rainey

2024-10-18 Many of the stars of silent westerns were young horse wranglers who left the open fields to make extra money bulldogging steers and chasing Indians around arenas in traveling Wild West shows. They made their way to Hollywood when the popularity of the Wild West shows began to decline, found work acting in action-packed silent westerns, and became idols for early moviegoers everywhere. More than 100 of those cowboys who starred in silent westerns between 1903 and 1930 are highlighted in this work. Among those included are Art Acord, Broncho Billy Anderson, Harry Carey, Fred Cody, Bob Custer, Jack Daugherty, William Desmond, William Duncan, Dustin Farnum, William Farnum, Hoot Gibson, Neal Hart, William S. Hart, Jack Holt, Jack Hoxie, Buck Jones, J. Warren Kerrigan, George Larkin, Leo Maloney, Ken Maynard, Tim McCoy, Tom Mix, Pete Morrison, Jack Mower, Jack Perrin, William Russell, Bob Steele, Fred Thompson, Tom Tyler, and Wally Wales, to name just a few.
