What Is Life? A Guide to Biology W/Prep-U Jay Phelan 2009-04-30

Jay Phelan's *What is Life? A Guide to Biology* is written in a delightfully readable style that communicates complex ideas to non-biology majors in a clear and approachable manner. After reading Phelan's book, students will understand why they would want to know and talk about science. His skillful style includes asking stimulating questions (called Q questions) which encourage the student to keep reading to find the answer and will illuminate just how relevant science is to their life.
