School Bus Reference Book 2nd Edition Lennart Thomsen 2021-03-19 While most School Bus Transportation Companies provide in-classroom training for their drivers, some companies only supply the driver with the bus, key and a route. Most in-class training are excellent, but there is too much information to learn in a short time. The large thick Manuel has all the information and recommended reading. School Bus Drivers Reference Book covers many of the training Manuel topics except government laws and company procedures that you must follow. Topics in this book are each covered on one page. Simple, easy to read, step-by-step instructions provide you with the information when you need it.

Instructor's Manual for California's Bus Driver's Training Course California. Department of Education 1990 This instructor's manual was designed to help graduates of the California Bus Driver Instructor Course provide effective instruction to school bus driver trainees. It contains enough material for 20-30 hours of classroom training. The information is organized in 12 instructional units that cover the following topics: introduction to the course; driver's license and special certificate requirements; bus operation, use, laws, and regulations; vehicle components; general

defensive driving techniques; specialized defensive driving techniques; passenger loading and unloading; emergency procedures; passenger management; activity trips; the special needs passenger; and public and community relations. Each unit includes an outline of the lesson plans in it, notes to the instructor, content information, handouts, and pretests and unit test. A final unit of the guide provides additional information for the instructor on teaching the course, such as materials needed to conduct classes, classroom arrangement, lesson planning and teaching techniques, and tests and answer keys.
