*If You Don't Like Lemonade, Stop Buying Lemons* Gil Rosenfeld 2023-02-09 Ever since the beginning of the world, man has contained within him an insatiable desire to be the captain of his own ship and master of his own fate. It's a natural flaw in man in our fallen state. It really becomes problematic when pride prevents one from looking outside their selves for help or for the correct answers in life. It's not that God has abandoned us with no direction or answers, it is simply the failure to launch in oneself a humbling posture to allow us to receive that which God has given to us freely""his wisdom. "If any of you lacks wisdom, let him ask God, who gives generously to all without reproach, and it will be given him" (Jas 1:5, ESV). After years of history on display, man makes the same mistake every day. He understands what faith is and knows how to apply it but fails to seek out wisdom to point him in the right direction to place his faith. Where you place your faith determines the directions your path of life will be. Will you travel the long, hard, pothole-ridden dusty road, or the well""paved, smooth, and straight road that sojourners decided to take before you to success. Why not follow them and make it easier on yourself? The book is my

commentary of examples from my life where it seemed I always did it the hard way. Taking the wrong road because I trusted my feelings instead of the trusted GPS (men never stop to ask for directions). I wrote this book from my failures and my search for truth to help others reach for wisdom in decision-making processes. Of course, everyone still has that great gift from God of freedom of choice to make decisions in what they think is right. In the end, it may lead to the lemonade stand. (Proverbs 14:12)

**The Coming Revolution in Church Economics** Mark DeYmaz 2019-10-15 Our entire understanding of funding and sustainability must change. Tithes and offerings alone are no longer enough to provide for

the needs of the local church, enable pastors to pursue opportunities, or sustain long-term ministry impact. Growing financial burdens on the middle class, marginal increases in contributions to religious organizations, shifting generational attitudes toward giving, and changing demographics are having a negative impact on church budgets. Given that someday local churches may be required to pay taxes on the property they own and/or lose the benefit of soliciting tax-deductible gifts, the time to pivot is now. What's needed is disruptive innovation in church economics. For churches to not only survive but thrive in the future, leaders must learn to leverage assets, bless the community, empower entrepreneurs, and create multiple streams of income to effectively fund mission. You'll learn why you should and how to do so in *The Coming Revolution in Church Economics*.

*Christian Marriage* David Ayers 2019-02-06 Why should we care about marriage? There is a lot of confusion about the purpose of marriage today—outside the church as well as within it. Written by a distinguished Christian sociologist, *Christian Marriage* is a theologically rich, biblically robust, and sociologically informed treatise on the nature and value of marriage. Drawing on recent social science research, empirical data, and social history, Ayers paints a picture of marriage as an institution meant for human flourishing. Along the way, Ayers addresses such topics as Dating and selection of a spouse The importance of premarital counseling Sex and procreation Mentoring and supporting unmarried believers Divorce and remarriage And current controversies surrounding premarital sex and same-sex marriage. Though the book is academically and theologically informed, it is written with a pastoral heart. It seeks to provide a rich resource for pastors and counselors on a topic of supreme importance to a vibrant church and society.

This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! **Ugly Truth Needs to Be Told!** Brenda L. Tress 2026-04-26 There comes a point in every woman's life when silence is no longer an option, a point where the floodgates give way to years of suppressed resentment, a point at which she finds herself marooned on an island with no sign of help in sight. For Brenda L. Tress, this moment came after enduring years of family conflicts, abuse, and intergenerational dysfunction. Her book *Ugly Truth Needs to Be Told* is a vulnerable and impactful memoir that exposes the unseen struggles faced by many mothers, wives, and daughters in private. Brenda, a Deaf woman, mother of three Deaf children, grandmother, and holder of four college degrees, has faced challenges that most people cannot imagine. After thirty years of marriage, she made the difficult choice to divorce, understanding firsthand what it means to fight for dignity, boundaries, and self-respect. I realized silence only enables the cycle. This straightforward yet impactful truth lies at the core of Brenda's story. For many years, she sought peace by remaining silent to avoid conflict, suppressing her pain to shield others. However, she eventually realized that silence doesn't heal wounds; it allows them to worsen.
