Twilight War Mike Moore 2008-03-03 Considering the historical background of space militarization and providing an overview of the United States' efforts to militarily dominate space since the dawn of the space age, this book argues that America must either ensure that space-related weapons are verifiably banned for all nations through an international treaty or

definitively choose a policy of unilateral space dominance that may lead to an arms race in space and possibly to another cold war. The 1967 Outer Space Treaty designated space as the "province of all mankind." It expressly prohibited nuclear and non-nuclear weapons of mass destruction in orbital space and exclusively limited the use of the Moon and other celestial bodies for "peaceful purposes." But changes in the post-Cold War world, as well as unforeseeable advances in satellite and weapons technologies, have compelled every space-faring nation—save the U.S. and Israel—to go on record as favoring a new treaty for the Prevention of an Arms Race in Outer Space. In *Twilight War: The Folly of U.S. Space Dominance*, Mike Moore, former editor of *The Bulletin of the Atomic Scientists*, argues that the U.S. merely provokes

conflict when it presumes to be the exception to the rule.

Rejecting treaty negotiations while further militarizing space renders America unable to lead by example. Moore concludes that instead of trying to stop an arms race in space by starting one, the U.S. must radically rethink its strategy.

The Thread of Flame Basil King 1920 Without opening my eyes I guessed that it must be between five and six in the morning. I was snuggled into something narrow. On moving my knee abruptly it came into contact with an upright board. At the same time the end of my bed rose upward, so that my feet were higher than my head. Then the other end rose, and my head was higher than my feet. A slow, gentle roll threw my knee once more against the board, though another slow, gentle roll swung me back to my former position. Far away there was a rhythmic throbbing, like the beating of a pulse. I knew I was on shipboard, and for the moment it was all I knew. Not quite awake and not quite asleep, I

waited as one waits in any strange bed, in any strange place, for the waking mind to reconnect itself with the happenings overnight. Sure of this speedy re-establishment, I dozed again.

High Stakes John F Dobbyn 2019-10-01 History, myth, music, and murder—and Michael Knight is in the middle An authentic Stradivarius violin turns up in Romania. A Stradivarius is rare enough, but this one is even more special. It is thought to hold the code disclosing the location of a treasure hidden in the fifteenth century. The violin is steeped in haunting mystique: it is believed to have been hidden by Vlad Dracula, whose historic tyranny led to the fabrication of the myth of vampirism. Russian, Chinese, and Romanian gangs centered in Boston want the code and all of them are hot on the trail. Violence is their language—brutality, their technique. And who is hired to see that the treasure lands in the rightful place? None other than Michael Knight with a

little help from his senior law partner Lex Devlin and his crony, Billy Coyne, Boston's deputy district attorney. Michael uses the thin leverage of his knowledge about the violin to keep each of the three gang leaders at bay, while he follows the chain of historic clues from a violin shop in the Carpathian Mountains to a gangster-infested nightclub in Bucharest, to a university in Istanbul, and back to the gang headquarters of the three competing criminal organizations. Secrets from the past and present collide along the perilous shuttle between Boston and Romania. In the end, what is the righteous solution? Perfect for fans of Daniel Silva and Steve Berry While all of the novels in the Knight and Devlin Thriller Series stand on their own and can be read in any order, the publication sequence is: Neon Dragon Frame-Up Black Diamond Deadly Diamonds Fatal Odds High Stakes Sounding Board 1999 **Speak of the Dead** Hollie Van Horne 2000 She has the sixth

sense! He's a New York City homicide detective! And this case is about to be the death of them! Felicia McClellan can speak to the dead! As an "open channel", she can help grieving survivors by speaking to their departed loved ones, exorcise haunted houses, assist anguished spirits by doing unfinished business for them on the earth plane, and thrill the millions who read her non-fiction books. Things are going well for Felicia until her agent and best friend, Natalie, is found dead, and according to Natalie's spirit, it was no accident - it was murder! Now it's up to Felicia to convince NYPD homicide detective, Mike Harris, not to close the case. And that won't be easy since there's no physical evidence to support Felicia's homicide theory, and Natalie has stopped giving her clues from beyond the grave. Cynical Lt. Harris doesn't believe in Felicia's psychic abilities, doesn't believe the agent was murdered, but does believe Felicia is the only person who stood to gain anything from her

friend's demise. If that weren't enough to torment the spiritualist, a vengeful psychotic killer from Mike's past is speaking to her from the "other side", and his message is coming through loud and clear - kill Mike Harris! From the author of *WHEN WE DO MEET AGAIN*, and *REFLECTIONS OF TODDSVILLE*, comes a new type of mystery you'll never forget!

The Extraordinary Banana Tree

Jim Farrell 2015-07-16 The Extraordinary Banana Tree is not a war story. It is a love story in the time of war. It is the story of the developing love between Cheryl Flynn, Assistant Chief of Intelligence for the Defense Attaches Office in Saigon, and Billy Dobson, Manager of Flight Operations for Air America in Vietnam and Cambodia. The story opens on April 4, 1975, with Cheryl boarding the giant C5A sent by Gerry Ford to rescue orphans from South Vietnam. The plane crashed 13 miles south of Saigon. Does Cheryl survive? Does anyone survive? The story

goes back in time and follows Cheryl and Billy on their paths to April 4 and to the eventual fall of Saigon on April 30, 1975. Does Billy have to face the last month alone or will Cheryl be at his side? The story follows Billy from the seminary, to the Army, where he serves as Counterintelligence Officer for the 11th Armored Cav, sent into Cambodia by President Nixon, and eventually to Air America and his meeting with Cheryl Flynn at Nha Trang, paradise on the South China Sea. The story exemplifies the horrors the war, the resilience of the human spirit, the bravery and unbelievable accomplishments of Air America personnel, and the power of love to make it all worthwhile. You will laugh, you will cry, you will love Cheryl and Billy. A very appropriate book for the 40th anniversary of the Fall of Saigon.

1636: The China Venture

Eric Flint 2019-09-03 The Ring of Fire Series Continues! The United States of Europe finds itself embroiled in international intrigue, as the uptimers attempt to establish an embassy in Ming Dynasty era China. The newly formed United States of Europe, created by an alliance between the time-displaced Americans from the town of Grantville and the Swedish king Gustavus Adolphus, decides to send an embassy to the Chinese empire. One of the main purposes of the embassy is to establish trade in order to gain access to critical resources. The mission is a gamble—some might say, a long shot. The Ming dynasty is on the verge of collapse and China's rulers are suspicious of foreigners. The mission experiences one setback after another, but presses on. And they gain an important ally along the way: Zheng Zhilong, a former pirate now an admiral for the Ming navy and the head of an extremely wealthy Fujian province trading family. He knows through his Jesuit

missionary connections that according to Grantville's history books, the Ming dynasty is in danger, from famines, bandit armies and barbarian invaders. And he is determined that, one way or another, he and his family will survive and even prosper. The embassy is joined as well by a young scholar, who helps them make inroads into China's complex and often dangerous society. Can the up-timers and their friends persuade the imperial dynasty and its mandarins to establish trade and diplomatic relations with the USE? They have one great asset: their knowledge may be the key to saving China from decades of mass suffering and civil war. At the publisher's request, this title is sold without DRM (Digital Rights Management). About 1636: Seas of Fortune by Iver Cooper: ". . . expand[s] the Ring of Fire universe into new or previously limited geography and culture. 'Stretching Out' includes seven excellent entries mostly in South America and the

Caribbean built on real events but with a nice Grantville twist. 'Rising Sun' contains five terrific tales ... also built on real events enhanced by historical speculation but with a nice Grantville twist."—Alternate Worlds About 1635: A Parcel of Rogues: "The 20th volume in this popular, fast-paced alternative history series follows close on the heels of the events in The Baltic War, picking up with the protagonists in London, including sharpshooter Julie Sims. This time the 20th-century transplants are determined to prevent the rise of Oliver Cromwell and even have the support of King Charles."—Library Journal About 1634: The Galileo Affair: "A rich, complex alternate history with great characters and vivid action. A great read and an excellent book."—David Drake "Gripping . . . depicted with power!"—Publishers Weekly About Eric Flint's Ring of Fire series: "This alternate history series is . . . a landmark..."—Booklist "[Eric]

Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians."—Booklist " . . . reads like a technothriller set in the age of the Medicis . . . "—Publishers Weekly

The Good Governor Matthew R. Walsh 2017-06-09 After the Americans withdrew from the Vietnam War, their Indochinese allies faced imprisonment, torture and death under communist regimes. The Tai Dam, an ethnic group from northern Vietnam, campaigned for sanctuary, writing letters to 30 U.S. governors in 1975. Only Robert D. Ray of Iowa agreed to help. Ray created an agency to relocate the Tai

Dam, advocated for the greater admission of "boat people" fleeing Vietnam, launched a Cambodian relief program that generated \$540,000, and lobbied for the Refugee Act of 1980. Interviews with 30+ refugees and officials inform this study, which also chronicles how the Tai Dam adapted to life in the Midwest and the Iowans' divided response.
