Collaborative Teacher Leadership Martin L. Krovetz 2006-03-24 Teacher leadership is not easy but it is an essential component of today's accountability driven schools. Teacher leaders can be formal or informal leaders, but their goal remains the same--maximizing student learning and improving the school culture. And who better to teach us about the obstacles, challenges, and victories of teacher leadership than teachers themselves? Krovetz and Arriaza place teachers' voices and stories at the center of this book, using these moving narratives to illustrate the key concepts of teacher leadership. The book is organized around the habits of mind of inquiry, equity, and advocacy as a means of developing effective teacher leaders. Further, the authors include information on how teacher leaders can document and sustain their growth as teacher leaders. Based on the authors' work with hundreds of teacher leaders, this essential guide is ideal for school leaders and leadership teams.

Teaching Evidence-Based Writing: Fiction Leslie Blauman 2016-09-19 One in a million. Yes, that's how rare it is to have so many write-about-reading strategies so beautifully put to use. Each year Leslie Blauman guides her students to become highly skilled at supporting their thinking about texts, and in Evidence-

Based Writing: Fiction, she shares her win-win process. Leslie combed the ELA standards and all her favorite books and built a lesson structure you can use in two ways: with an entire text or with just the excerpts she's included in the book. Addressing Evidence, Character, Theme, Point of View, Visuals, Words and Structure, each section includes: Lessons you can use as teacher demonstrations or for guided practice, with Best the Test tips on how to authentically teach the skills that show up on exams with the texts you teach. Prompt Pages serve as handy references, giving students the key questions to ask themselves as they read any text and consider how an author's meaning and structure combine. Excerpts-to-Write About Pages feature carefully selected passages from novels, short stories, and picture books you already know and love and questions that require students to discover a text's literal and deeper meanings. Write-About-Reading Templates scaffold students to think about a text efficiently by focusing on its critical literary elements or text structure demands and help them rehearse for more extensive responses. Writing Tasks invite students to transform their notes into a more developed paragraph or essay with sufficiently challenging tasks geared for grades 6-8. And best of all, your students gain a confidence in responding to complex texts and ideas that will serve them well in school, on tests, and in any situation when they are asked: What are you basing that on? Show me how you know.

Ethnic Literatures and Transnationalism Aparajita Nanda 2014-11-13 As new comparative perspectives on race and ethnicity open up, scholars are identifying and exploring fresh topics and questions in an effort to reconceptualize ethnic studies and draw attention to nation-based approaches that may have previously been ignored. This volume, by recognizing the complexity of cultural production in both its diasporic and national contexts, seeks a nuanced critical approach in order to look ahead to the future of transnational literary studies. The majority of the chapters, written by literary and ethnic studies scholars, analyze ethnic literatures of the United States which, given the nation's history of slavery and immigration, form an integral part of mainstream American literature today. While the primary focus is literary, the chapters analyze their specific topics from perspectives drawn from several disciplines, including cultural studies and history. This book is an exciting and insightful resource for scholars with interests in transnationalism, American literature and ethnic studies.
