The Outlook Lyman Abbott 1901

Radical Architectural Drawing Neil Spiller
2022-09-19 There is a newfound interest in architectural drawing. Some of the most forward-looking architects worldwide are reinventing it to discover the radical possibilities of contemporary architecture as a rich mix of the virtual and the actual. Architectural drawing is adapting to compensate for these new changes to the discipline, and is being used to speculate on new paradigms of space and representation. This AD seeks to showcase the architects who are pushing the envelope of drawing in extraordinary ways, and their insights into architecture's future spatial dexterity. The issue is built around an international group of architects involved in an ongoing KU Leuven Faculty of Architecture international drawing research project, who are creating new drawing methodologies in new and exciting realms. Their projects are written about from the perspective of architectural representation by critics and commentators from across the globe, illustrating a cornucopia of graphic verve and talent in this highly contemporary and thought-provoking issue. Contributors: Aaron Betsky, Penelope Haralambidou, Ulrika Karlsson, Michael McGarry, Nicholas de Monchaux, Ricardo de Ostos, Alberto Pérez-Gómez, Peter Salter, Chris L Smith, Wolfgang Tschapeller, Sarah de Villiers, Robin Wilson, and Jason Young. Drawings by: Bryan Cantley, Nat Chard, Peter Cook, Riet Eeckhout, CJ Lim, Perry Kulper, Metis (Mark Dorrian and Adrian Hawker), Shaun Murray, Smout Allen, Neil Spiller, Nada Subotincic, Michael Webb, Mark West, and Michael Young.

Positive Academic Leadership Jeffrey L. Buller
2013-03-26 In *Positive Academic Leadership*, Jeffrey Buller offers new insights and practical tools, as well as language and tactics, for fostering a more effective approach to leadership. With acumen and a dash of humor, he shows leaders how they can take the focus off the negative and change what they say, their perspectives, and their strategies. This more constructive leadership style plays to the strengths of leaders rather than to the weaknesses of their institutions. Offering time-tested and fresh ideas for becoming the type of leader who acts as a coach, counselor, and conductor for faculty, staff, and students, Buller demonstrates how positive leadership can become a day-to-day practice. With its down-to-earth style, the book draws on the most current research on positive leadership in neuroscience, psychology, management, organizational behavior, and other disciplines and translates their lessons into readable and accessible recommendations. It then makes these recommendations come to life by providing real-world examples that illustrate how to implement positive leadership strategies in all spheres of the leader's activities and institution. *Positive Academic Leadership* is a wise guide for transforming any leader's attitude about

inevitable daily crises into manageable challenges that are based on a philosophy of accepting the environment and situation but working to make things better.
