Hosea Jerry Hwang 2021-01-12 Designed for the pastor and Bible teacher, the Zondervan Exegetical Commentary on the Old Testament features today's top Old Testament scholars and brings together commentary features rarely gathered together in one volume. With careful discourse analysis and interpretation of the Hebrew

text, the authors trace the flow of argument in each Old Testament book, showing that how a biblical author says something is just as important as what they say. Commentary on each passage follows a clear structure to help readers grasp the flow and meaning of the text: The Main Idea of the Passage: A one- or two-sentence summary of the key ideas the biblical author seeks to communicate. Literary Context: A brief discussion of the relationship of the specific text to the book as a whole and to its place within the broader argument. Translation and Exegetical Outline: Commentators provide their own translations of each text, formatted to highlight its discourse structure and accompanied by a coherent outline that reflects the flow and argument of the text. Structure and Literary Form: An overview of the literary structure and rhetorical style

adopted by the biblical author, highlighting how these features contribute to the communication of the main idea of the passage.

Explanation of the Text: A detailed commentary on the passage, paying particular attention to how the biblical authors select and arrange their materials and how they work with words, phrases, and syntax to communicate their messages. **Canonical and Practical Significance:** The commentary on each unit will conclude by building bridges between the world of the biblical author and other biblical authors and with reflections on the contribution made by this unit to the development of broader issues in biblical theology-- particularly on how later Old Testament and New Testament authors have adapted and reused the motifs in question. The discussion also includes brief reflections on the significance of the message of the passage for readers today. The Zondervan Exegetical Commentary on the Old

Testament series is the go-to resource for pastors and Bible teachers looking for deep but accessible study that equips them to connect the needs of Christians today with the biblical text.

Psalms 101-150, Volume 21 Leslie C. Allen 2018-04-24 The Word Biblical Commentary delivers the best in biblical scholarship, from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from

a solid base of biblical scholarship. Overview of Commentary Organization Introduction—covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes: Pericope Bibliography—a helpful resource containing the most important works that pertain to each particular pericope. Translation—the author’s own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes—the author’s notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure/Setting—a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form,

and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment—verse-by-verse interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation—brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: (1) within the context of the book itself; (2) its meaning in the OT or NT; (3) its place in the entire canon; (4) theological relevance to broader OT or NT issues.

General

Bibliography—occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary.
