Victoria, Queen of the Screen Leigh Ehlers Telotte 2020-07-14 Both in life and death, Queen Victoria is among the most popular monarchs to be committed to film. Her reign was characterized by an explosion in media coverage that began to rely on images rather than words to tell her story. Even though Victoria has been labeled the "first media monarch," the sheer magnitude of her screen presence has been neither chronicled nor fully appreciated until now. This book examines the growth and evolution of Queen Victoria's on-screen image. From the satirical cartoons and silent films of the 19th century to the television shows, video games, and webcomics of the 21st, it demonstrates how the protean Victoria character has evolved, ultimately meaning many different things to many different people in many different ways. Each chapter looks at a facet of her character and includes analysis of how these media present Queen Victoria as a real person and shape her as a character acting within a narrative. The book includes a comprehensive and international filmography.

Star Crossed Heather Dune Macadam 2023-08-22 For readers of *The Nightingale* by Kristin Hannah who are looking for an immersive true account of Nazi-occupied Paris, *Star-Crossed* is an epic story of love and resistance during WW2 from the award-winning

author of Pen America Literary Award Finalist and Goodreads Choice Award Nominee, 999. Part historical portrait of life during the Occupation, part valentine to *The City of Light* and the resilience of its people, this transportive love story follows the romance between a Catholic Resistance fighter and a Holocaust victim who meet at the famous Café Flore before war, prejudice, and disapproving families set them on divergent and tragically inevitable paths. A Goodreads Choice Awards Nominee "What a beautiful, heartbreaking story." —Erica Robuck, National Bestselling Author of *Sisters of Night and Fog Paris, 1940*. *The City of Light* has fallen under German occupation. Among patriotic Parisians, the pursuit of art, culture, and jazz has become a bold act of defiance. So has forbidden love for talented and spirited Jewish teenager Annette Zelman, a student at the Beaux-Arts, and dashing young Catholic poet Jean Jausion. Despite their devout families' vehement opposition, the young couple finds acceptance at the famed Café de Flore, whose habitués include Simone de Beauvoir, Jean-Paul Sartre, Pablo Picasso, Django Reinhardt, and other luminaries of the Latin Quarter. For a time, Annette and Jean feel they have eluded the brute might of the relentless Nazis -- and more immediately, their parents' threats and demands. But as restrictions on the Jewish community escalate to arrests and deportations, the maleficent forces gathering around the young lovers set them on divergent and tragically inevitable paths. Drawn from never-before-published family letters and other treasures, as well as archival sources and exclusive interviews, *Star-Crossed* offers us precious insight into the Holocaust and the lives French people bravely led under the Hitler regime. This breathtaking true story of beauty, art, liberation, and the transformative power of love resonates with an intimate story of undying devotion, seen through the prism of history.

Illegality and the Making of Italy Stephanie Malia Hom 2026-03-03 Italy has long been thought of as a terra di mezzo, a land in between, a crossroads where life "above" exists together with life "below." Italy's underworld is taken as a given fact, and enjoys a global, if not romanticized, reputation. This volume is a first-of-its-kind study that explores how crime and illegality have served to make modern Italy and Italians. Its chapters set into relief "crime Italian style": a distinct formation comprised of the porousness between licit and illicit and the malleability of illegality that has distinguished Italy as a nation-state since Unification. From courtrooms to television screens, and mafia dons to political activists, this volume delves into Italy's criminal patrimony as well as the entanglements between Italian politics and organized crime, how ideas about crime and criminality cross borders and become attached to people, and how the representational force of the media continues to transform who or what is marked as criminal. This volume reconnects Italy to its heritage of crime and punishment to offer a new take on modern Italian identity that recognizes its relationship to illegality as a central, rather than peripheral, attribute.

Coming Home To Math: Become Comfortable With The Numbers That Rule Your Life Irving P Herman 2020-02-13 We live in a world of numbers and mathematics, and so we need to work with numbers and some math in almost everything we do, to control our happiness and the direction of our lives. The purpose of *Coming Home to Math* is to make adults with little technical training more comfortable with math, in using it and enjoying it, and to allay their fears of math, enable their numerical thinking, and convince them that math is fun. A range of important math concepts are presented and explained in simple terms, mostly by using arithmetic, with frequent connections to the real world of personal financial matters, health, gambling, and popular culture. As such, *Coming Home to Math* is geared to making the general, non-specialist, adult public more comfortable with math, though not to formally train them for new careers or to teach those first learning math. It may also be helpful to liberal arts college students who need to tackle more technical subjects. The range of topics covered may also appeal to scholars who are more math savvy, though it may not challenge them.
