**A Bittersweet Nostalgia** Vishal Gupta 2012-09 A few of us are troubled enough that we choose to walk the remainder of this road called "life," searching for answers and achieving some significance and bliss. An adolescent found the courage in his frailty to renounce everything and escape into the refuge of the wilderness of Northern India. Due to a vivid nightmare, he faltered at the last moment and stayed put within the confines of his tormented urban existence. A year passed and his compulsive impulse for that escape was suppressed. Rebuilding a new way to live, he channeled and fed those impulses by trekking into the mountains of Maharashtra, trailing through the forests of Bhandavgarh and Tadoba Andhari, whilst getting too close to tigers and crocodiles. In doing so, he transformed himself into a true backpacker. But something was still amiss. Love. It took just one woman to undo all the good. The adolescent turned man found himself weaker than ever before and drenched in despair. He was back where he started, fighting the same impulse to escape into the Northern Mountains. Will the road cease for him or will he find a silver

lining ahead? See where his path leads him in *A Bittersweet Nostalgia*.

*E-Business Princely Ifinedo* 2012-02-10 *E-Business - Applications and Global Acceptance* is a collection of well-written papers that employ empirical and theoretical/conceptual approaches to highlight insights on the global acceptance of electronic business (e-business) and other useful applications and conceptualizations in the area. As our knowledge of the e-business phenomenon continues to mature and evolve, it is pertinent that new insights and information be made available. This edited book is published against such a backdrop. In essence, this book seeks to provide value to both e-business researchers and practitioners, with information sourced from differing regions of the world. The diversity in the sources of insights is welcome and this edited book covers a wide range of interesting, topical, and timely issues dealing with the acceptance of e-business applications or systems, business processes integration and management, the extension of e-business concepts to not-for-profit (nonprofit) organizations, and the construction of a service innovation model. Without a doubt, this book will be a comprehensive reference point for knowledge seekers who want to understand emerging conceptualizations, processes, and behaviors in the e-business domain.
