Simple Science Sermons for Big and Little Kids Guy Stewart 1998 Guy Stewart, a science teacher for fifteen years, combines his love for science with his love for the Lord to create children's messages that they will not soon forget. Presented in a light, bantering, and informational style, each presentation uses simple scientific principles to illustrate matters of faith in a magnificent, infinite creation. Each faith-affirming lesson includes the scripture that it is based on, a list of materials needed for the demonstration, the sermon, and the science behind the sermon. A perfect resource for pastors and church school teachers ... for Sunday morning worship, Sunday School classes, Vacation Church School, or home teaching. Guy Stewart lives in Brooklyn Center, Minnesota, and is an eighth grade teacher of earth science. He has served as a missionary in Nigeria, Cameroon, and Liberia. He was also a supervisor at a home for the profoundly physically and
