Addiction to Love Susan Peabody 2011-04-13 Love addiction manifests in many forms, from Fatal Attraction-type obsessive lust to less extreme but nonetheless psychologically and emotionally harmful forms. The most common of these is staying in a bad relationship because of a fear of being alone-the "I hate you but don't leave me" relationship. In ADDICTION TO LOVE, recovering love addict Susan Peabody explains the variety of ways this disorder plays out, from the obsessively doting love addict to the addict who can't disentangle from an unfulfilling, dead-end relationship. Peabody provides an in-depth and easy-to-follow recovery program for those suffering from this unhealthy and often dangerous addiction and explains how to create a loving, safe, and fulfilling relationship. • A seminal work on unhealthy and obsessive behaviors in love, and how to change behavior to have a positive relationship. This third edition includes a new introduction and revisions to the text throughout. • Some symptoms of love addiction include love at first sight, excessive fantasizing, abnormal jealousy, nagging, and accepting dishonesty. • Even relationships with parents, children, siblings, or friends may be addictive-dependency is not always related to romantic love. • Previous editions have sold more than 40,000 copies. "Love addiction is a three-headed serpent that Susan Peabody adeptly slays. This is the quintessential book for any love addict or counselor needing to fully understand this highly prevalent and complex disorder. Susan detects and dissects aspects of this condition not comprehended in other books of its kind. Recovery is possible. This book makes it possible to take the succinct steps necessary toward a loving and reciprocal long-term intimate relationship." —Sudi Scull, M.F.T., C.N., psychotherapist and nutritionist

You are addicted--to a person. Now there is an insightful, step-by-step guide to breaking that addiction--and surviving the split. Drawing on dozens of provocative case histories, psychotherapist Howard Halpern explains to you: Why you can get addicted to a person. Why and how you may try to deceive yourself. ("He really loves me, he just doesn't know how to show it.") How you can recognize the symptoms of a bad relationship. How to deal with the power moves and guilt trips your partner uses to hold you. Why strong feelings of jealousy do not mean you are "in love." How to get through the agonizing breakup period--without going back. How not to get caught in such a painful relationship again.
