70 Times 7 Math: Answer Keys to Classwork/Homework 70 Times 7 Math

2019-03-24 This resource provides the answers to math assignments that kindergarten through 5th-grade students complete in 70 Times 7 Math:

Classwork/Homework, which is sold separately and supplements the textbook 70 Times 7 Math (An All-In-One Math Book for Grades

Kindergarten Through 5th). The assignments are meant to provide

students individual practice solving problems taught in their textbooks

and to equip them to do well on the corresponding tests. There are four

classwork assignments to help prepare students for each exam. (Both

paper and computer-based tests are available and can be purchased from

the Habakkuk Educational Materials website at <https://www.habakkuk.net/>.

The classwork/homework assignments that this

book provides the answers to can also be purchased from the website.)

Each week's classwork will be in the same format as the test. If there

are, let's say, 100 problems on an upcoming test, students in grades 3rd

through 5th would complete all 100 of those types of problems each

week for four weeks, although the answers to corresponding problems

will differ from one week to the next. Questions included on the

classwork and tests are not randomly selected from the chapters in

focus. Instead, they are very comprehensive in that every type of

problem students learn about in their textbook or complete as a class on

the interactive whiteboard will also be solved individually by students on

the classwork assignments and corresponding tests. Moreover, page

numbers where students can turn to for help in their textbooks are

specified at the beginning of the assignments and (in the case of the

assignments exclusively for grades 3rd through 5th) beside the individual

problems. (Tutorial videos are available in the electronic textbooks.) The

classwork is graded by the teacher and the number of problems missed

on each page can be recorded at the bottom (-0, -3, etc.). It is

recommended that students be allowed to correct any problems with

checkmarks before the final grade for the assignment is determined.

Correcting errors from the classwork tends to help students to do better

on the tests. Time should be allotted daily for students to work on the

assignments. To contact Habakkuk Educational Materials, please visit
