How White Evangelicals Think Dave Verhaagen 2022-08-16 The majority of Americans have looked on in some combination of horror and befuddlement as many white Christians, particularly evangelicals, have revealed beliefs and opinions seemingly antithetical to the Christian faith, whether holding racist attitudes, supporting conspiracy theories, aligning with nationalistic and authoritarian movements, or becoming hostile toward the different and marginalized. Dr. Dave

Verhaagen, a nationally board-certified psychologist and author, tackles the challenge of explaining the psychology behind what has become the unique mind of the modern white Christian. Each chapter explores one or more robust psychological principles that help make sense of why white Christians think like they do.
