America's love affair with cars is on the fast track. Here is the current market value for every model from every major manufacturer in the United States and abroad through the mid-1970s, including Ford, Buick, Cadillac, Chevrolet, Chrysler, Rolls-Royce, and Mercedes-Benz. Clearly organized from A to Z, each listing is broken down by date, engine specifications, model types, and body styles -- with three condition categories from fair to excellent. Essential

references include a list of classic car museums around the country, a directory of car collector clubs, and a glossary that contains all the terms you need to know to negotiate the deal. In addition, there are handy hints from the professionals about buying at auction and for investment, theft prevention, and selling classic cars. Plus special sections on trucks and motorcycles cover a wide range of vehicles from Humpbacks and Pickups to Flatheads and Knuckleheads. Dozens of photographs help you identify special models.
