Blind Fall Christopher Rice

2009-02-17 From three-time

New York Times bestselling

author Christopher Rice --

whose novels have been called

"bold and ambitious" by The

New York Times, "chillingly

perverse" by USA Today, and

"shocking, sexy...intricate" by

Glamour -- comes this startling

psychological thriller about an

Iraq War vet who seeks

redemption and revenge when

a fellow Marine he failed to

protect during the war is

brutally murdered. John Houck

became a Marine to become a

hero. But his life changed when

he failed to notice an explosive

device that ended up maiming

the captain of his Force Recon

Company, a respected Marine

who nearly sacrificed himself

to save John's life. Home from

Iraq, John pays a visit to his

former captain, only to

discover the captain has been

gruesomely murdered. John

pursues a strange man he sees

running from the scene, but he

discovers that Alex Martin is

not the murderer. Alex is, in

fact, the former captain's

secret male lover and the

killer's intended next victim.

When it becomes clear that

local law enforcement has

direct connections to the

murder itself, John realizes that

to repay his debt of honor, he

must teach Alex Martin how to

protect himself, even if that

means teaching Alex to kill. In

the process, John confronts the

painful truth about the younger

brother he was unable to

protect and the older sister he

always felt he failed. *Blind Fall*

is a story of honor and

integrity, of turning failure into victory. It is a stunning departure for Christopher Rice: the story of two men, one a Marine, one gay, who must unite to avenge the death of the man they both loved -- one as a brother-in-arms, one as a lover -- and to survive.

BATTLE CRIES ON THE HOME FRONT Peter J. Mercier 2000-01-01 This collection of social science research on domestic violence in the military is unique, as it is the first compilation of research on domestic violence as it affects the military

population. The studies contained herein use contemporary qualitative and quantitative research and focus on the occurrence, prevalence, or risk factors for domestic violence found in four military branches - Air Force, Army, Marine Corps, and Navy. It is divided into three sections, with Section One dealing with issues related to wife battering in the military. Section Two includes readings pertaining to child abuse in the military. Section Three addresses prevention and treatment issues regarding domestic violence in the military. The studies presented will enhance both professionals' and students' understanding of the issues and dynamics particular to domestic violence in military families and offer them the most current literature for future research in this area. It will be of interest to researchers, students, and professionals in the fields of social work, health, family counseling, criminal justice, sociology, human services, and psychology.
