Tooning in : Essays on Popular Culture and Education Cameron White 2008 A collection of eloquent essays, Tooning In critically examines and interprets the concept of "popular culture." Many interesting works have addressed this subject, but few have provided a critical perspective regarding the possibilities of popular culture as a tool for teaching and

learning. White and Walker suggest that popular culture is a vital aspect of contemporary life and can be wielded as a tool for efficacy and empowerment, particularly among youth. The book addresses such important questions as: What is the role of popular culture in students' lives? What are the possibilities for popular culture in schooling and education? What are the differences between traditional and transformative approaches to popular culture? With essays specifically devoted to film, music, television, games, and other alternative popular culture texts, Tooning In invites readers to re-examine the fundamental aspects of popular culture as a societal force.

technology and other subjects that are generally ignored in introductory texts, such as science fiction, fan cultures, and childhood studies. It looks at the impact that these topics have on our understanding of education and popular culture. The Popular Culture Primer is an essential assigned text for any classroom devoted to teaching the history and importance of the subject.

Popular Culture and Law RichardK. Sherwin 2017-07-05 What are the consequences when law's stories and images migrate from the courtroom to the court of public opinion and from movie, television and computer screens back to electronic monitors inside the courtroom itself? What happens when lawyers and public relations experts market notorious legal cases and controversial policy issues as if they were just another commodity? What is the appropriate relationship between law and digital culture in virtual worlds on the Internet? In addressing these cutting edge issues, the essays in this volume shed new light on the current status and future fate of law, truth and justice in our time.
