Real Writing Mitchell Nobis
2016-09-23 High-school writing
prompts often ask students to
provide overly simplified
responses to complicated
issues, but a person's stance in
the real world can rarely, if
ever, be reduced to "agree or
disagree." Arguments are
complex, with more than two
points of view and a range of
evidence to consider; however,
writing classes don't always
embrace that complexity. Real
Writing: Modernizing the Old
School Essay contends that
engaging fully with complex
texts and difficult, nuanced
arguments helps students
become better thinkers and
writers, more fully prepared for
life both in and after high

school. By offering students
current texts to read and issues
to discuss, teachers introduce
their students to more complex
arguments. Real Writing:
Modernizing the Old School
Essay recognizes the value of
various types of texts, but the
need for contemporary
readings in our literature and
composition classes is
important for relevancy related
to student engagement, the
Common Core State Standards,
and participation in our
democratic society. This book
shares curricular moves to
engage students in reading and
writing authentic arguments.
