**AP World History** Deborah Vess 2009-10 Are You Serious About Scoring a 5? Then Get REA's

AP World History Test Prep with TestWare CD  
 The #1 Choice for Serious Students! REA's AP World History test prep gives you everything you need to score a 5 on the exam! Written by an award-winning history professor, this second edition of our popular AP test prep is completely up-to-date and aligned with the official AP exam. The book contains in-depth reviews of all the topics covered on the AP World History exam, including: The Ancient Near East, The Middle Ages, Early Modern Europe, Asia, World War I & II, The Cold War, and more. Review questions and a list of key terms all AP World History students must know are included in each chapter - so you can study smarter and score a 5! The test prep features two full-length practice exams with detailed explanations of all answers, a custom study schedule, and test-taking strategies. The practice tests are composed of every type of question that can be expected on the actual AP World History exam, so you can practice for real and target your strengths and weaknesses before the test. The book's practice tests are included on CD in a timed format with automatic, instant scoring. Our interactive TestWare CD offers detailed on-screen answers, diagnostic feedback, plus an extended time function for students with disabilities. After building your World History knowledge, follow up with REA's proven test-taking strategies, test tips, and a study schedule that gets you ready for exam day! If you're serious about getting a 5 on your exam, then you need REA's AP World History test prep! REA has helped more than a million students succeed on their AP exams! Teachers across the country consider our AP titles to be invaluable resources and consistently recommend our books to their students.  
*ASAP World History: A Quick-Review Study Guide for the AP Exam* The Princeton Review 2018-02-06 LIKE CLASS NOTES—ONLY BETTER. The Princeton Review's ASAP World History is designed to help you zero in on just the information you need to know to successfully grapple with the AP test. Advanced Placement exams require students to have a firm grasp of content—you can't bluff or even logic your way to a 5. Like a set of class notes borrowed from the smartest student in your grade, this book gives you exactly that. No tricks or crazy stratagems, no sample essays or practice sets:

Just the facts, presented with lots of helpful visuals. Inside ASAP World History, you'll find: • Essential concepts, people, events, dates, and ideas for AP World History—all explained clearly & concisely • Lists, charts, tables, and maps for quick visual reference • A three-pass icon system designed to help you prioritize learning what you MUST, SHOULD, and COULD know in the time you have available • "Ask Yourself" questions to help identify areas where you might need extra attention • A resource that's perfect for last-minute exam prep or as a handy resource for daily class work Topics covered in ASAP World History include: • All six time periods featured on the exam • Major ancient & classical civilizations, states, and empires • Globalization & exploration • Imperialism & capitalism • Revolutions & the formation of nations • 20th-century developments such as World War I and II and Communism • Independence movements in Asia & Africa ... and more! Looking for sample exams, practice questions, and test-taking strategies? Check out our extended, in-depth prep guide, *Cracking the AP World History Exam!*

*AP English Language and Composition Study Guide* Accepted 2019-09-18

**Cracking the AP Calculus AB and BC Exams**

David S. Kahn 2004 The Princeton Review realizes that acing the AP Calculus AB & BC Exams is very different from getting straight A's in school. We don't try to teach you everything there is to know about calculus—only what you'll need to score higher on the exam. There's a big difference. In *Cracking the AP Calculus AB & BC Exams*, we'll teach you how to think like the test makers and -Score higher by reviewing key calculus concepts -Earn more points by familiarizing yourself with the format of the test -Safeguard yourself against traps that can lower your score -Perfect your skills with review questions in each chapter This book includes 5 full-length practice AP Calculus tests. All of our practice test questions are like the ones you'll see on the actual exam, and we fully explain every answer.

*AP English Language and Composition Study Guide* 2019 Inc. AP Exam Prep Team Accepted 2018-07-24 Provides focused review of key literary devices and rhetorical modes, targeted strategies for the exam, and four full-length

practice tests with detailed answer explanations. *A Starter Guide to College for Clueless Students & Parents* Jake D. Seeger 2019-01-05 For 8th-graders, freshmen and sophomores, here's what to do now. For juniors and seniors, here are details about the tests, the applications, admissions factors, financial aid, essays, interviews and college selection. Checklists are provided for each year of high school. A comprehensive checklist for the application for each college is provided. It is a reference book for these many details for when you need them. Use some chapters now, and come back to other chapters later, even in a year or more. For 8th- and 9th-Graders, get a great start on high school by seeing what to do your freshman and sophomore years, so you're not behind in junior and senior years. Which colleges are realistic? Which are affordable? Do not count any of them out yet. Can you get a great degree without a huge debt? Sure, if you make the right choices. These topics are covered: - How to get college-ready and admissions-ready; - Benefits of community colleges and public - colleges; - Selective admissions factors and expectations; - Activities, internships and sports; - Practice for standardized tests and subject tests; - Application checklists and procedures; - Financial aid and cost comparisons; - Meeting admissions officials; and - Essays and interviews. After knowing more, students and parents can better discuss and think about all these factors to decide if college is indeed the best option, and what type of college is best. The book explains the basics, and moves into detailed information that you may not need right away, but probably will use later. It has handy reference pages containing checklists, testing rules, calendars, admissions statistics, college degree levels, and websites to use, so you don't have to look everything up yourself. You don't have to remember everything now. You can go back to the book again and again when you need the information. For the maze of selective college applications, admissions and choices, the Starter Guide explains the basics, and then provides a detailed analysis of the situation, presents a detailed plan of action and points you to the some of the best sources for even more information to complete a serious run for the Ivies and the other top 50 to top 150 colleges.

But the great options of public colleges aren't neglected, as the benefits of community colleges, public honors colleges, tuition discounts in nearby states, affordable regional colleges and flagship universities are explained. Finances and financial aid are covered, with estimates of what to expect from both public and private colleges, with examples for various household income levels. Students and parents will find advice on how to meet admissions staff. Learn how to build an impressive record based on what the colleges are looking for. Students will find practical advice on how to make the best impression with their attire, conversational interactions, paperwork and correspondence. Learn which questions to ask and how to best convey your story, while knowing what things to avoid doing (and there are a few). High school guidance counselors will like the reference information on testing (test by test, 8th grade to 12th grade, in reference summary pages) and admissions statistics. The book covers test schedules, reporting, fees, fee waivers, test cancellation procedures, information websites, admissions events, admissions statistics for 120 colleges in one spot (the publisher looked them up and calculated them so you don't have to). See about fine print admissions details, like the lowest test scores for admissions at a college. The Starter Guide to College for Clueless Students & Parents is a good value. It doesn't have to be read all at once, but can guide a student and the parents as time passes, even loaned to others.
