*Digital Technology as Affordance and Barrier in Higher Education* Maura A. Smale 2016-12-15 This book explores college students' lived experiences of using digital technologies for their academic work. Access to and use of digital technologies is an integral aspect of higher education in the twenty-first century. However, despite the tech-savvy image of them propagated by the media, not all college students own and use technology to the same extent. To ensure that students have the best opportunities for success, all in higher education must consider ways to increase affordances and reduce barriers in student technology use. This book explicitly examines urban commuter students' use of digital technologies for academic work, on and off campus.

**Research Anthology on Strategies for Using Social Media as a Service and Tool in Business** Management Association, Information Resources 2021-05-28 Social media has become an integral part of society as social networking has become a main form of communication and human interaction. To stay relevant, businesses have adopted social media tactics to interact with consumers, conduct business, and remain competitive. Social technologies have reached a vital point in the business world, being essential in strategic decision-making processes, building relationships with consumers, marketing and branding efforts, and other important areas. While social media continues to gain importance in modern society, it is essential to determine how it functions in contemporary business. The Research Anthology on Strategies for Using Social Media as a Service and Tool in Business provides updated information on how businesses are strategically using social media and explores the role of social media in keeping businesses competitive in the global economy. The chapters will discuss how social tools work, what services businesses are utilizing, both the benefits and challenges to how social media is changing the modern business atmosphere, and more. This book is essential for researchers, instructors, social media managers, business managers, students, executives, practitioners, industry professionals, social media analysts, and all audiences interested in how social media is being used in modern businesses as both a service and integral tool.

**The Library World** 1919**Social Media for Communication and Instruction in Academic**

**Libraries** Joe, Jennifer 2019-03-01 The subject of the use of social media has renewed interest because of the impact that it had on the last U.S. presidential election and the impact that social media networks will have on subsequent elections. As guides in the information world, it is thus important that librarians be well versed in social media. This has called attention to the relevance and urgency of incorporating social media use into the academic library, both as a marketing tool and as an instruction tool. *Social Media for Communication and Instruction in Academic Libraries* is an essential reference source that offers guidance in using social media in academic libraries and in instruction with a special emphasis on assessment and evidence-based practice. Featuring research on topics such as digital libraries, marketing, and web analytics, this book is ideally designed for librarians, administrators, educators, managers, information technology specialists, professionals, researchers, and students.
