Information for Business
Decisions offers an integrated
approach to teaching
managerial and financial
accounting course topics for
the Introductory or Principles
of Accounting course. This new
text, written by an experienced
author team, is designed to
help students understand how
to use both managerial and
financial accounting
information to make decisions.
Class-tested for three years
across the United States, its
student-friendly approach has
already earned it rave reviews.
The text provides an
introduction to business in
Chapter 1 and is the only
introductory accounting book
to have an entire chapter
(Chapter 2) devoted to creative
and critical thinking. A non-
technical approach makes
learning accounting accessible

for majors and non-majors,
focuses students on using
accounting information for
decision making, and conforms
with AECC guidelines for
teaching accounting. A full-
chapter length appendix on the
accounting cycle
(debits/credits) allows
instructors to implement this
portion of the course anywhere
they desire.
