Sleigh Bells Ring Katherine Stone 2025-04-11

"The Stone magic makes these books such a pleasure to read and share." — Rendezvous "Her characters live with the shadows over their lives and make the best of them, honorably, courageously, and generously. We can be happier for knowing these people in the short run, and better for knowing them in the long run." — Reviewer's Choice Reviews A splash of suspense, a dash of Christmas magic, and a sleighful of love. . . A ghost of Christmas past makes the holidays a difficult time for homicide lieutenant Nicholas Hunter. It was just days before a long ago Christmas that Nick's dangerously unbalanced mother disappeared with his four-year-old brother—the brother that the then eight-year-old Nicholas had vowed always to protect. Thirty years later, Nick continues his unrelenting search for the brother he lost, and now—once again at Christmastime—a psychopath is forcing women from Nick's past to publicly humiliate themselves in an effort to destroy their careers and draw Nick into a life-or-death game of catch-me-if-you-can. It is against this dramatic backdrop that Nick, who has always believed that there is no place for love in his deeply scarred heart, meets Claire. Claire was an innocent sixteen-year-old when she became the victim of an apparent hit-and-run accident. The life-threatening head injury she suffered imparted an extraordinary gift, but also left her

with an intense foreboding of imminent personal harm so terrifying that she felt compelled to flee the city she loved. Now, fifteen years later, Claire returns to Seattle intent on unmasking and conquering that enigmatic fear—only to discover that its cause is very real. At a tender age, Allison Prentice comes to the devastating conclusion that she is simply the wrong child for her wildly successful, perfectionist parents. No matter how hard she strives to meet their unbounded expectations, her parents' approval remains an elusive dream. Even her brilliant academic achievements receive faint praise. For the shy, unhappy Allison, the solution is escape: as a child, into her own private world; then, as soon as she graduates from high school, from the city in which she grew up. When Allison finally returns to Seattle, it is as a superstar intellectual property litigator. She is just beginning to find happiness—and love with a man named Lucas—when the psychopath chooses her as his next pawn.

Turning Stones Marc Parent 1998-01-27 "An absorbing piece of narrative nonfiction . . . A rare glimpse of what it is like to man these front lines of the war on child abuse—and what it does to a person's soul. . . . Devastating [and] mesmerizing."—The Los Angeles Times Featuring a new Afterword by the author Why does an infant die of malnutrition? Why does an eight-year-old hold a knife to his brother's throat? Or a mother push her cherished daughter twenty-three floors to her death? Marc

Parent, a city caseworker, searched the streets—and his heart—for the answers, and shares them in this powerful, vivid, beautifully written book.

Fugitive City William P. Wood 2014-08-26 A one-

man crime wave is shaking the peaceful city of Santa Maria, California, and no place is safe. Kenny Trask, an unpredictable, high-strung, shockingly violent convict, has just escaped from prison and is intent on putting together enough cash to bankroll a new life for himself, his ex-cellmate, and the female defense attorney he believes they must "rescue." Only one man is willing to stand in the way: Robby Medavoy, a cop who's been called a hero, whose unorthodox style has fueled the resentment of rival officers and the suspicions of his superiors. With a contract on his life from his department's SWAT team, Medavoy must put everything on the line to pull Trask in—his reputation, his survival, and, unexpectedly, the woman he comes to love.

Grasshopper Jungle Andrew Smith 2014-02-11 A 2015 Michael L. Printz Honor Book Winner of the 2014 Boston Globe-Horn Book Award for Fiction "Raunchy, bizarre, smart and compelling." --Rolling Stone "Grasshopper Jungle is simultaneously creepy and hilarious. Reminds me of Kurt Vonnegut's in "Slaughterhouse Five," in the best sense." --New York Times Book Review In the small town of Ealing, Iowa, Austin and his best friend, Robby, have accidentally unleashed an unstoppable army. An army of horny, hungry, six-foot-tall praying mantises that only want to do two things. This is the truth. This is history. It's the end of the world. And nobody knows anything

about it. You know what I mean. Funny, intense, complex, and brave, Grasshopper Jungle brilliantly weaves together everything from testicle-dissolving genetically modified corn to the struggles of recession-era, small-town America in this groundbreaking coming-of-age stunner.

The Donner Society Kenneth Singleton 2005-06-07 Robby, a senior in high school, begins to attend a prestigious private school for boys called Lafayette. At the school he makes friends quickly. Among these friends he favors a fellow student named Michael whom is also a senior. As soon as Robby arrives at Lafayette, Michael tells him about the many social groups within the school, and how important they are within the academic establishment. Michael mentions to Robby that he himself is a member of a group called, The Donner Society. Robby, with Michaels assistance, joins the group. During his time at Lafayette, Robby learns more than just what he studies academically. He comes to learn about friendship and trust, but above all of his lessons, Robby learns that things are not always as they seem.

Urban Schools, Public Will Norm Fruchter 2007 In this important book, Norm Fruchter argues that our national failure to carry out the Brown mandate has produced segregated urban school systems that fail to educate poor students of color. Drawing on a rich array of research and personal experience, he examines why urban districts have failed and what must be done to transform our city schools. He identifies urban districts as the key actors in this transformation and profiles three school districts that have achieved significant success in closing the achievement gap. He also identifies grassroots community organizing as a critical lever for provoking and supporting meaningful change in schools. This provocative book should be read by all educators, policymakers, parents, and civic activists committed to improving public education for all students. Book Features: Vignettes from the author's broad experience with public schooling—teacher, parent organizer, school board member, foundation grant-maker, evaluator, and researcher. An in-depth look at effective schools and the policies that support them. Strategies used by grassroots campaigns to improve local schools and districts.
