Dungeons & Dragons Dungeon Master's Guide Monte Cook 2003 Weave exciting tales of heroism filled with magic and monsters. Within these pages, you'll discover the tools and options you need to create detailed worlds and dynamic adventures for your players to experience in the Dungeons & Dragons roleplaying game. The revised Dungeon Master's Guide is an essential rulebook for Dungeon Masters of the D&D game. The Dungeon Master's Guide has been reorganized to be more user friendly. It features information on running a D&D game, adjudicating play, writing adventures, nonplayer characters (including nonplayer character classes), running a campaign, characters, magic items (including intelligent and cursed items, and artifacts), and a dictionary of special abilities and conditions. Changes have been made to the item creation rules and pricing, and prestige classes new to the Dungeon Master's Guide are included (over 10 prestige classes). The revision includes expanded advice on how to run a campaign and instructs players on how to take full advantage of the tie-in D&D miniatures line.

**Shamanism** Mariko Namba Walter 2004-12-15 A guide to worldwide shamanism and shamanistic practices, emphasizing historical and current cultural adaptations. This two-volume reference is the first international survey of shamanistic beliefs from prehistory to the present day. In nearly 200 detailed, readable entries, leading ethnographers, psychologists, archaeologists, historians, and scholars of religion and folk literature explain the general principles of shamanism as well as the details of widely varied practices. What is it like to be a shaman? Entries describe, region by region, the traits, such as sicknesses and dreams, that mark a person as a shaman, as well as the training undertaken by initiates. They detail the costumes, music, rituals, artifacts, and drugs that shamans use to achieve altered states of consciousness, communicate with spirits, travel in the spirit world, and retrieve souls. Unlike most Western books on shamanism, which focus narrowly on the individual's experience of healing and trance, Shamanism also examines the function of shamanism in society from social, political, and historical perspectives and identifies the ancient, continuous thread that connects shamanistic beliefs and rituals across cultures and millennia.
