Profiles of American Colleges

Barron's Educational Series

2010-07-01 The latest information on enrollments, tuition and fees, academic programs, campus environment, available financial aid, and much more make the 29th edition of Profiles of American Colleges America's most comprehensive and authoritative source for college-bound high school students. Every accredited four-year college in the United States is profiled, and readers are directed to a brand-new Barron's Web site featuring a

FREE ACCESS college search engine that presents exclusive on-line information to help students match their academic plans and aptitudes with the admission requirements and academic programs of each school. The book presents profiles of more than 1,650 colleges, each profile including details on:

- Admission requirements
- Library and computer facilities
- Admissions procedures for freshmen
- Campus safety and security
- Thumbnail descriptions of faculty
- Requirements for a degree
- Athletic facilities
- Extracurricular activities
- E-mail addresses
- College fax numbers and web sites
- Admissions Contacts
- and more

Schools are rated according to Barron's reliable competitiveness scale, which ranges from "Noncompetitive" to "Most Competitive." The book's tinted pages section presents an Index of College Majors that lists all available major study programs at every school. Also profiled are excellent colleges in Canada

and several other countries, as well as brief profiles of religious colleges, and American colleges based in foreign countries.

Judique On The Job Allan MacDonald 2021-11-09 *Judique on the Job: The Long Road to My Career* is a lighthearted memoir detailing the author's experiences growing up on Cape Breton Island, travelling, partying, and his never-ending trials and tribulations trying to find a career that would be satisfying on all levels. In his search, the author had about eighty different jobs, many of them unique and interesting. With a friendly and folksy tone, the book takes the reader on a tour of his adventures in employment, including work in correctional services, automobile repossession, student recruitment, and the military. The author also gives us the inside scoop on working as a film extra, rickshaw runner, doorman, and working numerous positions in the hospitality industry. The book will inspire and reassure younger readers struggling to

find success and happiness in their work lives. It will also appeal to anyone with a sense of humour and an appreciation for a good story filled with joie de vivre. The book's unique title was inspired by a spirited local saying in Judique, Cape Breton Island: "Judique on the floor!" The expression is well known in the area, but its certain origin is not. As Judique was long thought to have the best step dancers in the area, if a Judique native stepped onto the dance floor, people would shout "Judique on the floor!" to alert other dancers they might as well throw in the towel. There is a second part to the story, where apparently Judiquers also liked to fight, so if they were not in the mood to dance, someone would sound the battle cry: "Judique on the floor! Who will dare put us off?" and one or more fisticuffs would ensue. This bit of local colour makes for an apt moniker for this unique and humorous tale.

Peterson's Guide to Four-Year Colleges, 1995 Peterson's Guides, Inc 1994-06 This year's

edition of Peterson's bestselling guide features extended coverage of student life, faculty and programs, career-planning services, and financial policies, in addition to the unparalleled, detailed information on nearly 2,000 four-year colleges that readers have come to expect.

Profiles of American Colleges with CD-ROM Barron's Educational Series, 2002-07-12 America's definitive guide to all accredited four-year colleges and universities has been updated with the latest information, figures, and fees. More than 1,650 schools are profiled with details on admission requirements, academic programs, tuitions and other fees, sources of available financial aid, library facilities, computer facilities, descriptions of campus environments, athletic facilities, extracurricular activities, e-mail addresses, fax numbers, web sites, and more. Each school receives Barron's exclusive academic rating system, which advises students on its degree of academic

competitiveness—from "Noncompetitive" to "Most Competitive." Also included on tinted pages for quick reference is a complete index of college majors, listed in chart form and including every major offered by every college. A CD-ROM enclosed with each copy of the book can be used for both Windows and Mac operating systems. It is set up in an interactive format, allowing students to ask specific questions about individual schools.
