The objective of this book is to cater to the needs of the students and professionals aspiring to become Oracle software developers. It covers the basics of Oracle Developer 2000, and exposes the readers to its important features and tools for application development. The concepts are explained with the help of numerous illustrations. Workout sections and case studies are designed to provide a real-life experience of development of application software. The book is most suitable for beginners, including the students pursuing courses in engineering disciplines (B.Tech/M.Tech) and computer applications (MCA/BCA) and research students who wish to learn and master Oracle Developer 2000 for writing project reports and dissertations. Professionals, too, can learn and explore Oracle Developer, using this book as a guide. Key Features

- More than 75 Examples
- Mini Case Studies in Workout Sections
- A Real Life Case Study You will learn how to create:
  - Form Components
  - List of Values, Editor and Visual Attribute
  - Input and Non-Input Items
  - Message, Alerts, Menu and Function Key
  - Mouse Events and Timer
  - Item Interaction, Query and Validation Triggers
  - Navigation and Transaction Triggers
  - Window Interaction Trigger
  - Parameter and Multiple Forms
  - Report Builder Components
  - Tabular, Form, and Group Type Reports
  - Matrix Type Report
  - Customization of a Report
  - Calling Report from a Form CD-ROM Features:
    - Contains programs of Examples, Workouts and Case Studies
    - Programs are compatible with Oracle 8i, 9i and 10g

*E-Governance in India* Sunil K. Muttoo 2019-07-19 The book discusses the concepts of E-Governance from the understanding of a naïve user. While providing introduction to the concept, it shows the status of E-Governance in India through various measures, and its progress through different case studies. The historical development of E-Governance around the world and its rise in few developed and developing nations have also been discussed. The book also elaborates the establishment of E-Governance in India in detail and then compares the progress in Indian states through different measures and metrics. The structure of the E-Governance in India has been explained, including the explanation of the details related to National E-Governance Plan. The book is a combination of theoretical and practical concepts defined over various aspects of E-Governance in India. This book serves as the first stage reading material for any individual working in the Indian region on E-Governance.
