DECODING 2019 NOVEL CORONAVIRUS:

Outbreak: Conspiracies: Impact Maj Dr.

Ebenezer Kwakye Agyemang (Rtd) 2020-09-21

Since the outbreak of SARS-CoV-2, a number of attempts have been made by experts, researchers and the political elite to explain away its origin, transmission, intent and impact. There is also the explosion of conspiracy theories of which states, researchers, international and corporate entities, the UN, the World Bank, philanthropists and even the Papacy have not been spared. The viral outbreak is even perceived as an attempt by the powerful not only to reduce global population but to expand their control of the world. The book has been written to expand the understanding of the reader on these critical issues about SARS-CoV-2 which have become very concerning.

The Rough Guide to Social Media for Beginners

Rough Guides 2012-07-05 If you haven't joined the social media revolution yet don't fret, there's still time! But with so much out there where do you even start? Something more than a text message, something less than a phone call, not engaging in these new types of online social messaging could mean you are missing out on the action without either "friends" or "followers". Business, leisure and everything in-between is covered and this guide walks the uninitiated through setup to maintenance and gives you the skills to make your pages lively and relevant to the people you know or work with, and the folk you're about to meet or reach out to. The term "social media" covers an ever-expanding suite of apps, blogs and wikis, but this book focuses on the most popular, and personal, forms of social media: Facebook and Twitter. Significant attention is also paid to Google+, the latest direct challenge to Facebook's overwhelming dominance of social networking. Start connecting now with *The Rough Guide to Social Media for Beginners*. Now available in ePub format.

Is Work Killing You? David Posen MD 2013-02-02 From the bestselling author of *Authenticity* and *The Little Book of Stress Relief* comes the definitive guide to treating — and eliminating — excessive stress in the workplace. Dr. David Posen, a popular speaker and a leading expert on stress mastery, identifies the three biggest problems that contribute to burnout and low productivity: Volume, Velocity, and Abuse. He shares revealing anecdotes and offers clear descriptions of the biology of stress to illustrate how downsizing, economic uncertainty, and technology have made the workplace more toxic than ever. Most importantly, he offers practical advice and easy techniques for managing the harmful symptoms and side effects of stress. Witty, engaging, and accessible, *Is Work Killing You?* touches on everything from meetings to tweeting, from fake work to face time, from deadlines to dead tired, and more. With this book, Dr. Posen gives us the tools to stop harming our most valuable resource — ourselves.
