Advanced Accounting Debra C. Jeter 2022-12-02 In the newly revised eighth edition of *Advanced Accounting*, a decorated team of accounting professionals delivers authoritative and comprehensive coverage of all three methods of consolidated financial reporting: cost, partial equity, and complete equity. This invaluable work compares and contrasts United States and international principles, drawing reader attention to enduring differences between the two frameworks. The authors draw on their extensive experience with US and international accounting to connect advanced accounting methods to practical applications with challenging exercises that feature the financial statements of real-world companies. With a consistent focus on clarity and accessibility, the authors highlight current business news stories and their relevance to core concepts. Ideal for accounting majors seeking an insightful and

robust exploration of complex accounting methods, *Advanced Accounting* also includes: The latest changes by the Financial Accounting Standards Board and the Governmental Accounting Standards Board Discussions of the tax consequences of a variety of business combinations New end-of-chapter materials with additional problems, exercises, and questions New "In the News" boxes with updated stories Updated tutorial videos and international comparisons Revised test bank questions
