Financial Advice and Investor Protection

Booyesen, Sandra 2021-12-07 This
comprehensive book offers a rigorous analysis of
the legal debates, approaches and practice-
related issues surrounding financial advice and
investor protection. Despite widespread
recognition of the importance of financial
inclusion more broadly construed, recent
financial crises have highlighted deficits in retail
investor protection - this book informs the
development of robust yet adaptable frameworks
to protect investors, including effective
enforcement and dispute resolution.

The Law of Ship Mortgages David Osborne
2024-08-26 This fully updated and comprehensive 3rd edition of The Law of Ship Mortgages provides readers with a practical, commercially based and definitive guide to the English law of ship mortgages. The authors, being seasoned practitioners, bring their extensive experience to bear on a number of difficult and developing areas of the law, such as: mortgagees' duties, liability to charterers, the conflict of laws, work-outs, restructurings and cross-border insolvency. The 3rd edition includes new chapters on pre-delivery security, security over shares and on the increasingly important topic of ship leasing as a method of finance. It is written against the background of, and has regard to, ever-increasing sanctions affecting shipping and ship finance as well as the continued regulatory and industry-driven

push towards reduction of emissions (IMO 2020 and IMO 2050). Written primarily with practitioners in mind, *The Law of Ship Mortgages* will continue to be extremely useful to legal professionals, especially in common law jurisdictions, involved in international ship finance or ship mortgage enforcement. It will also be a valuable resource for postgraduate students and academics, especially those with an interest in shipping law or the law of personal property more generally.
