About the Novel: *The Chocolate Touch* is a re-imagined story of a young boy who turns everything he eats into chocolate. John Midas loves candy, especially chocolate. He loves it so much, that he refuses to eat anything else. His parents try to get him to eat more healthy food, but to no avail. One day, John finds a mysterious coin on his way to a friend's house. He decides to spend this coin on a box of chocolate from a store he's never seen before. To his disappointment, the box contains a single ball of chocolate. He eats it anyway, enjoying every last piece. The next day, John wakes to discover that everything he eats turns to chocolate. John is the happiest he could ever be, but soon discovers the downfalls of a chocolate diet.

Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: *Chocolate Fever* tells the story of a young boy's strange illness caused by his unusual eating habits. Henry Green loves chocolate. He eats it all the time and on everything. He enjoys chocolate syrup on his mashed potatoes, chocolate sprinkles on his buttered noodles, and cocoa dusted on canned peaches, pears and applesauce. The best part is, he never gains weight, gets a cavity or ruins his skin. Until now. One day at school, Henry notices chocolate-smelling brown spots all over his body. A trip to the hospital finds that Henry's spots are made of 100% pure chocolate, causing the doctor to diagnose him with 'chocolate fever'. Afraid, Henry decides to run away. He runs right into some bullies. Henry gets away by convincing them that his illness is a highly contagious and deadly disease. Henry's adventures continue as he wonders whether he will ever be cured of his 'chocolate fever'.
