CURRENT Medical Diagnosis and Treatment Study Guide, 2E Gene R. Quinn 2015-11-22 The ultimate case-based study guide based on the most popular annual resource in internal medicine—now updated CURRENT Medical Diagnosis and Treatment Study Guide facilitates your analysis of test cases and enhances your recall of internal medicine topics, making it invaluable preparation for any internal medicine examination. Organized according to the Core Curriculum of the Clerkship Directors in Internal Medicine, this study-enhancing resource covers over 30 core topics that encompass essentials, conditions, presentations, treatment approaches, and diseases seen by general practitioners in the inpatient and outpatient settings. The study guide utilizes content from CMDT, Quick Answers, and Lange Pathophysiology to provide a case-based application that tests key concepts in clinical reasoning, clinical problem-solving, and recognition of essential clinical facts. The second edition of CURRENT Medical Diagnosis and Treatment Study Guide is extensively updated and examines the most fundamental issues you need to know to succeed on the clerkship shelf exam in Internal Medicine. The study guide includes an expanded format for a more formal and in-depth review and is perfect for instructors utilizing the main CMDT text. Features case-based coverage of 80 must-know diseases and disorders, from skin and hematologic disorders to infectious disorders. For each topic, the study guide includes learning objectives; an expanded list of questions to prompt case analysis; a more detailed emphasis on signs and symptoms, lab findings, imaging studies, and medications; additional discussions on therapeutic procedures and outcomes; and full references.

NutriSearch Comparative Guide to Nutritional Supplements Lyle Dean MacWilliam 2007-01-01 The NutriSearch Comparative Guide to Nutritional Supplements (4th edition) is an educational and consumer-based compendium that reviews and compares over 1600 nutritional products available in the United States and Canada. The guide was designed with three principal goals: • to educate the consumer on the nutritional basis of disease prevention, highlighting the importance of supplementation as a vital component of a holistic approach to wellness; • to provide an evidence-based approach to supplementation, focusing on the science behind the use of natural health products; and • to evaluate the hundreds of nutritional products in the North American marketplace, providing guidance to the consumer on relative product value.

Goldfrank's Toxicologic Emergencies, Eleventh Edition Lewis S. Nelson 2018-08-22 Goldfrank's is the premier toxicology textbook that should be in every emergency department or poison center library. Whether you are a student, resident, or faculty, there is something here for you. If you are a toxicology fellow or poison specialist studying for your boards, this is your go-to book. I highly recommend this work... —The Journal of Emergency Medicine The best edition yet of the landmark text in medical toxicology A Doody's Core Title for 2021! Covering every aspect of poison management, this indispensable case-based resource has been thoroughly refreshed to deliver evidence-based principles viewed through the lens of an active bedside clinical practice. In no other reference will you find such a diverse roster of esteemed editors and authors who deliver expert insights into every type of toxicologic emergency, whether due to substance abuse or exposure to toxins. Fully referenced and supported by a cohesive organization and full-color format, Goldfrank's begins with a historical perspective on medical toxicology principles and the general approach to the patient. It then progresses to the fundamental principles of medical toxicology, encompassing biochemical and molecular concepts; the effect of xenobiotics on vital organs and body systems; and toxicologic principles in special populations. The Eleventh Edition of Goldfrank's Toxicologic Emergencies is the most rigorous volume to date, driven by a precise analysis of the latest medical literature and complex cases designed to facilitate differential diagnosis. New to this Edition: • Additional cases and "Special Considerations" chapters designed to enhance clinical decision-making and patient outcomes • New "Antidotes in Depth" provides timely, critical information on toxicologic treatment strategies • New content on toxicogenomics explores its increasingly important role in predictive toxicology • Chapter-ending bulleted summaries of key points • Updated coverage of synthetics such as "K2" • Revised chapters on medical, clinical, and chemical toxicology include updated insights on poison emergencies, treatment strategies, and risk assessment tools

Five Alive Dr. Charles Lemon 2020-01-08 We are at a crossroads in health care as many of us suffer from hard-to-treat health conditions and multisystem diseases and syndromes that are on the rise. Modern medicine and technology have failed at keeping us healthy and/or improving many conditions like cancer, heart disease, diabetes, metabolic syndrome, autoimmune disease, depression, allergies, and dementia, to name only a few. We have abandoned the way our bodies are designed to stay healthy. In reality, many orthodox and standard treatments disrupt or bodies normal function and promote these very disorders. The answers to many of your health concerns are literally right in front of you in the way you move, eat, and sleep. Small changes can have a great impact. Five Alive offers these small changes. The goal of Five Alive is to change the standard. We have the knowledge, and you have the power. A single choice each day can make a profound change in your health. Five Alive offers a new approach not previously seen. Simple, safe, scientific, and low-cost actions in each of the three areas of moving, eating, and sleeping. The uniqueness of Five Alive is offered by way of synergy, which the recommended actions, interacting with the others creating a compound effect. Five Alive is not a diet plan or an exercise regime. Five Alive can be incorporated into any health and/or fitness program, diet, and/or lifestyle, and can be used by the very young to the most senior populations. This work has its genesis in the need of those seeking easy-to-follow, safe, and scientific actions to address their concerns about health issues associated with moving, eating, and sleeping/mood. We have taken twenty-eight years of suggestions, twenty-eight years of research, education, and personal experience and have developed a plan we call Five Alive. We have condensed our knowledge and our expertise and have simplified the complex, confusing, and at times contradictory advice regarding moving, eating, and sleeping (diet, exercise, and mind). We liken this book to a finished statue. Initially, a large chunk of marble chiseled away over a long period to reveal a simple, beautiful piece of work. Everyone moves, everyone eats, and everyone sleeps. How well you do each of these will determine how healthy you are.
