[Communication for Couples](#) Dale Turner 2019-11-03 "Buy the paperback version of this book and get the kindle book version for free" Do you know that the first cause of relationship failure is the lack of communication? Do you want to improve your relationship through effective communication tips? The divorce rate in America is at a shocking 50%. And most of these divorces take place within few years of getting married. The average American might think that married people part ways because of huge sins like infidelity, domestic violence, or being broke, but even though they are right to an extent, there's also another major contributor of divorces: poor communication skills. Apparently, many of us are not so good at expressing our needs, or listening to our partners attentively, and this denies us the chance to connect with our partner, which opens up cracks in our marriage. If we had great communication skills, we'd know better than open our mouths before thinking through what we were about to say; we'd use the right body language and stare right into our partner's eyes; we'd show our partners more respect and agree to disagree with them. All successful marriages share one thing in common: great communication. This book teaches couples how to communicate between one another. Some of the subjects include: 1. Effective communication techniques for couples 2. Frequent communication errors couples make 3. How to listen to your partner Would you like to know more? Communication for Couples Monica Travis 2021-04-29 □ 55% OFF for Bookstores! NOW at \$ 23,97 instead of \$ 33,97! LAST DAYS! □ Do you want to avoid conflicts with your partner? Your Customers Will Never Stop To Use This Amazing Guide! Love and respect can be cultivated by being tolerant, by putting forth as much effort as you can possibly give, and most of all, by trusting each other. And to build trust, the married couple has to cultivate honesty and understanding. The importance of effective communication cannot be overemphasized. Mistakes that may destroy your relationship can only be avoided when issues are communicated and when both partners understand each other at a reasonable level. An individual in a committed relationship needs a continuous affirmation that will encourage his or her performance even in the midst of financial struggle. A husband needs to feel appreciated and affirmed for being a good husband and father. He needs to feel that his effort is paying off by actually providing satisfaction and happiness in the family. The purpose of this book is to guide you through a couple of the most important communication mistakes. Inevitable is the fact that everyone goes through a million emotions in any relationship. The emotions create brain chemicals that can change the way people feel at any given time. Sometimes you will find that you are in a positive mind frame (which more than often it is the hope of your partner that you are in a positive mind frame), other times in the neutral frame and other times in the negative frame which happens. It is rare to find you are always in one frame; the frames keep changing more so depending on the surrounding and day-to-day experience. This book covers: - Falling in love with falling in love - What happens to love after living together - How to cultivate love - The importance of touching each other - Spend quality time - How and why to protect each other - Causes of couple problems - Trips, absences, distances - Bad or no sexual intercourse - How and why to protect each other - Lack of communication or communication errors - Recommendations to improve the relationship - Communication Tools That Will Rekindle the Flame In Romantic Relationships - How To Persuade Someone Of Your Opinion - STOP Invalidation And much more!!!
