Feldman 1999 Students First. "Understanding Psychology" is written around the philosophy that an effective textbook must be oriented to students-- informing them, engaging them, exciting them about the field, and expanding their intellectual capabilities-- because when students understand psychology, they learn psychology. No matter what brings students into the introductory course and regardless of their initial motivation, "Understanding Psychology," Eighth Edition, draws students into the field and stimulate their thinking. This revision integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives. It also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures. *OAT 2017-2018 Strategies, Practice & Review with 2 Practice Tests* Kaplan Test Prep 2016-10-04 Issued with 16 pages of detachable study sheets and access to two full-length practice tests.
