Civil RICO Practice Manual

Paul A. Batista 2007-01-01 Civil RICO Practice Manual, Third Edition, serves as the single, most comprehensive resource to which attorneys for plaintiffs and defendants, judges, professors and students turn for information encompassing the full array of issues relating to RICO. An analytic and practical resource of high value to any attorney practicing in this area, Civil RICO Practice Manual provides comprehensive coverage of the Act and its various judicial interpretations, while at the same time taking the litigator through all aspects of RICO-based litigation—and—from the complaint, through trial and appeal. This unique resource

also supplies the forms and models you need to practice confidently—and—and efficiently—and—every step of the way. Only Civil RICO Practice Manual: Helps you determine whether there is a successful RICO claim Provides model complaints and other forms you need to prosecute or defend a claim Keeps you completely current with the latest applications or bases for civil RICO claims including copyright infringement Delivers the latest case law and analysis on RICO, including U.S. Supreme Court cases Facilitates your understanding of special issues unique to civil RICO, including the Person/Enterprise standard, which holds persons employed by the enterprise responsible for damages caused by prohibited RICO activities This new Third Edition of Civil RICO Practice Manual adds an important dimension: a meaningful discussion of the

criminal uses and scope of RICO. The language of the RICO statute applies equally to civil cases and criminal indictments. As a result, U.S. Supreme Court and appellate decisions rendered in criminal RICO cases almost invariably have meaning for civil racketeering litigation. Civil RICO Practice Manual, Third Edition provides civil practitioners the insight you need regarding the criminal elements of a RICO claim. This powerful resource offers: An entire new chapter on criminal RICO claims A new Model criminal RICO indictment, providing an ideal benchmark for a plaintiff who must structure, prepare and present a civil racketeering complaint And more!
